Application for
9-1-1 Consolidation Plan
INTRODUCTION

The following document provides the application for submitting a 9-1-1 Consolidation Plan that will supply the Department of State Police (Department), the Illinois Commerce Commission (ICC), the Statewide 9-1-1 Advisory Board (Advisory Board) and the Statewide 9-1-1 Administrator (Administrator) with the necessary information about your proposal to consolidate your 9-1-1 system. All consolidations plans must comply with 83 Ill. Adm. Code Part 1324.

The Emergency Telephone System Act ("ETSA" or "Act") (50 ILCS 750) Section 15.4a(b) states that each 9-1-1 authority or qualified governmental entity required to consolidate must file a consolidation plan by July 1, 2016.

There are three consolidation categories. Please find below the documents that need to be included when filing a consolidation plan for each category.

1) Consolidation of an unserved county with an existing 9-1-1 authority and the creation of a Joint ETSB
2) Consolidation of either paper ETSB's or multiple ETSB's resulting in the creation of a Joint ETSB and consolidation of individual PSAP's
3) Consolidation of PSAPs within an ETSB

Consolidation Plans defined under categories 1) and 2) above, must include the following documents when submitting a consolidation plan:

General Information Contact and 9-1-1 System information.
Verification Notarized statement of truth regarding information provided in the plan.
Letter of Intent Letter that is sent to the 9-1-1 System Provider with a copy of the plan.
Plan Narrative A summary of the changes of the proposed system's operation.
Financial Information A summary of anticipated implementation costs and annual operating costs of the consolidated or modified 9-1-1 system that are directly associated with 9-1-1 as well as the anticipated revenues.
5-Year Strategic Plan A detailed plan for implementation and financial projections.

Plan Narrative:

See attached narrative "CONSOLIDATION PLAN FOR VILLAGE OF GURNEE AND CITY OF ZION"
Narrative Plan:

See attached narrative "CONSOLIDATION PLAN FOR VILLAGE OF GURNEE AND CITY OF ZION"
CONSOLIDATION PLAN FOR VILLAGE OF GURNEE AND CITY OF ZION

The consolidation is being requested by the Village of Gurnee and City of Zion to combine its E911 dispatch centers. Both agencies have entered into an intergovernmental agreement to combine their existing E911 PSAPs (Public Safety Answering Points) into a consolidated PSAP. To accomplish this consolidation, Zion E911 will close its current dispatch center and move its dispatching and emergency telephone answering positions to Gurnee’s current E911 site. The consolidated dispatch center will provide E911 call handling and emergency communications for the following agencies:

- Village of Gurnee
  - Gurnee Police Department
  - Gurnee Fire Department
- Warren Waukegan Fire Protection District
  - Gurnee Fire Department
- Newport Fire Protection District
  - Newport Fire Department
- Beach Park Fire Protection District
  - Beach Park Fire Department
- City of Zion
  - Zion Police Department
  - Zion Fire Department

The Village of Gurnee is currently under contractual agreements with the Newport Fire Protection District and Warren Waukegan Fire Protection District to supply E911 dispatching services for the fire protection districts. Beginning May 1, 2017, the Village will begin a contractual agreement with the Beach Park Fire Protection District to supply E911 dispatching services.

Gurnee is a community of 31,295 and is bordered on much of its northern, eastern, and southern boundaries by Waukegan. Park City is enveloped by Gurnee and Waukegan. Unincorporated areas border the Village on most of the northern and western boundaries. The expanded area for the Gurnee and Newport Fire Departments have the center providing fire and EMS dispatching for a larger population than is recorded for the Village of Gurnee.

Zion is a community of 24,409 and is bordered on the north by Winthrop Harbor. Much like Gurnee, unincorporated areas surrounding the City require coordination with the Lake County Sheriff’s Office. The City of Zion also, on occasion, coordinates with Pleasant Prairie, Wisconsin, as Zion’s northern border is on the Wisconsin state line.

Utilizing one call center instead of the two will reduce the number of transferred calls between the above-mentioned agencies where there is overlap in coverage. By operating one call center for these agencies, there will be dispatching efficiencies realized and there will be a long-term savings in infrastructure costs.

Gurnee and Zion will form a Joint ETSB to be known as The Northeast Lake County Consolidated E9-1-1 Emergency Telephone System Board. The board will be comprised of nine (9) total members. Each party will have at least one active member from each of its fire and police departments on the board. Other board members will be represented based on a proportional formula of 9-1-1 surcharge revenue.
City and Village ordinances have been approved by the City of Zion and the Village of Gurnee for the establishment of this JETSB. The City of Zion has done the same.

The Gurnee E911 center is located in the Gurnee Police Station. When the center was initially constructed in 2003, the NFPA 1221 standards were used by the architect. The dispatch center is on the first floor of the facility and is secured from outside access. Employees must enter through a secure entry once they have entered the main lobby of the building. The center is equipped with Xybix dispatch consoles. Using this same console brand, there is room for expansion within the current footprint of the center.

Telephones are answered with a West (Intrado) VIPER system for 9-1-1 lines and a Cisco Unified Communications Manger system for administrative lines. The West (Intrado) VIPER system can be expanded to handle additional 9-1-1 trunks and 10-digit emergency lines to be relocated from the current Zion PSAP. All split exchanges will continue to operate in the same manner as they do today. Address errors will continue to be corrected and updated in the same way they are done today and through West (Intrado). The dispatch center is currently working with AT&T and is undergoing line busy studies. The data for the system will be updated and maintained daily and will be the responsibility of the Communications Supervisor. To ensure the integrity of the 9-1-1 system, the 9-1-1 network is separated by a firewall and access control rules. The security is treated in a manner consistent with other Criminal Justice Systems.

The CAD/Mobile/RMS utilizes a suite of applications from Public Safety System Incorporated (PSSI). The system also supports AVL and Field Based Reporting functionality and is interfaced to LEADS/NCIC. The CAD/Mobile/RMS has been modified to prepare for providing multi-jurisdictional dispatching functionality. In addition, the existing 9-1-1 and CAD systems include the ability to transition to NG911 when the ESI Net and other NG911 components are available.

The radio system has recently been upgraded to the current generation Motorola MCC7500 including integration with the StarCom21 radio system and is equipped with an AIS Server for interface to IP capable logging equipment already in place. The Logging recorder is a DSS Equature recording system and performs both analog and IP recording. The communications center also has an active alarm board function utilizing the SIS alarm monitoring system provided by ADT and AES Wireless alarm interfaces. The center has several video system feeds which are integrated into a collection of screens easily viewed by employees on duty. The video feeds provide access to the security cameras at the Gurnee police and fire stations, the Lake County Department of Transportation PASSAGE traffic system, and the AVL system. The entire center is fully supported by generator power and critical systems are also protected with UPS systems. A 180’ monopole radio tower is located onsite with an adjacent radio equipment room supported by the same generator and UPS systems. All facilities, spaces, and rooms have capacity to add additional equipment necessary for supporting the additional agencies. No other 9-1-1 authorities will be sharing the equipment utilized in the Gurnee Communications/Police Department at this time.

The Consolidated center will be staffed 24 hours per day, 7 days a week, without exception. The six operator positions will have ANI/ALI capability, along with TTY services provided in the form of text messaging through the VIPER system. The procedure is seamless to the calling party regardless of the communications method used (voice vs TTY). The Gurnee center meets all standards required of a 911 PSAP.
Telecommunications operators will enter the call information into the CAD system. The CAD will validate the call/incident location and display recommended response units, prior call history, known hazards, and other appropriate information. The unit assignment will then be transmitted to the responding agencies via radio frequency, telecommunications circuits, and/or mobile data computer. The telecommunications operators will continue to transfer any misdirected E911 calls to adjacent agencies using the West/Intrado VIPER Star codes. The system forwards ANI/ALI information to the receiving agency. Gurnee staff will gather critical information from the caller, to include callback information, prior to initiating the call transfer to ensure the appropriate response is completed. Radio communications, as necessary, will continue to be available with the adjacent agencies.

All Telecommunications Operators providing police and fire services are trained following the Association of Public-Safety Communications Officials International, Inc. (APCO) guidelines to meet or exceed the standards as defined with the Illinois Administrative Code section 83 part 725. Each telecommunications operator is trained and certified by ICJS in the operation of the LEADS/NCIC system. All EMS related calls are processed with the Priority Dispatch EMD protocols and procedures, as well as all telecommunicators being certified through this system. The operations manual from each agency will be consolidated from the current set of orders to a single set.

The Gurnee communications center will continue to operate as the backup and overflow PSAP for the Waukegan Communications center. Gurnee will backup and take overflow calls from the Waukegan Communication center in the event of a system fail that renders the agency unable to function as an E911 center.

Due to the consolidation with the City of Zion, the Village of Gurnee has agreed to become the Village of Winthrop Harbor’s backup PSAP. The City of Zion is currently the backup PSAP for Winthrop Harbor, but due to the consolidation that arrangement will no longer be possible.

FIVE YEAR STRATEGIC PLAN FOR CONSOLIDATION PLAN

(Provide a detailed summary of the proposed system's operation, including but not limited to, a five-year strategic plan for implementation of the consolidation plan with financial projections)

Narrative:

See attached 5 Year Plan for Consolidated PSAP and 5 Year 9-1-1 Financial Planning Worksheet
The proposed consolidation includes closing the Zion PSAP. Costs for consolidation have been enumerated/estimated and factored into a new five-year capital and operations financial plan. The short-term costs exhaust, and/or exceed, the available individual ETSB fund balances. The long-term projections show a balance between the combined operating and capital costs vs. surcharge revenues for the resulting Joint ETSB.

One-time costs related to consolidation are expected to be completed during FY 16-17 and FY 17-18. The estimated annual expenditures starting with FY 18-19 average $476,000 for a five-year period. Joint ETSB revenues are estimated at $506,771. Including inflation, and making allowance for unanticipated expenditures, revenues and expenditures should balance in the long-term.

During the 2017 calendar year, one-time consolidation costs are estimated to exceed the available combined ETSB fund balances. This will be addressed with a combination of General Fund Expenditures and potential Consolidation Grant funds. In the absence of outside funding, the expenditures contemplated in the 5-year financial plan will have to be curtailed, or delayed, because of consolidation. Any curtailing of funds would be to the detriment of the consolidated operation.

Operationally, the Joint ETSB PSAP will provide dispatch services for multiple agencies (listed in the application) and will continue to pursue consolidation partners which provide long-term advantages. Potential partners will be evaluated for long term fiscal viability along with functional/operational compatibility. Preliminary conversations are ongoing with several adjacent agencies, including both Police and Fire operations. The Gurnee PSAP has a long-standing relationship with the Newport Fire Department, and a services contract with the Beach Park Fire Protection District. The Gurnee and Waukegan PSAPs are reciprocal backup facilities. The proposed consolidation reduces the overall number of backup facilities required and removes size limitations for smaller backup centers.

The Zion Police and Fire agencies will move to the Gurnee CAD system, resulting in improved interoperability and reduced operating costs. Remote video monitoring for both Gurnee and Zion locations will be provided. Additional cost sharing opportunities are being explored for areas such as Police Records Management, Mass Notification Systems, and LEADS connectivity.

Looking specifically at Fire and EMS, the consolidated ETSB PSAP is well positioned to provide service to the clear majority of the geographic area of the northeast Lake County. The high percentage of Mutual Aid calls among NE Lake County Fire Agencies are better served by a consolidated dispatch operation.

Regarding staffing and personnel, the proposed consolidated center provides for positional dispatching whereby operators can focus on specific agencies or disciplines. This reduces the number of radio frequencies monitored by each operator in comparison to current procedures. The consolidated PSAP allows for greater numbers of on shift personnel to handle large scale events, while also reducing overall headcount from the non-combined centers. The
The proposed system will include 6 fully operational dispatch positions (9-1-1 Answering, Radio Consoles, CAD Workstations), ten 9-1-1 Trunks (6 Wireless, 4 Wireline), 17 Full-Time Dispatchers, two working Shift Leaders, and several Part-Time Dispatchers. Long-term plans include the evaluation of a third Shift Leader position and increased specialization in areas such as hiring, training, public education, APCO/NENA/IL-TERT participation. The Gurnee Police Station (which hosts the center) also provides a large classroom facility which can be utilized for regional training activities.

ON
December 19, 2016

Published in pamphlet form by authority of the Village Board of the
Village of Gurnee, Lake County, Illinois,
this 20th day of December, 2016.
AN ORDINANCE ESTABLISHING AND AUTHORIZING THE
OPERATION OF THE NORTHEAST LAKE COUNTY CONSOLIDATED
E9-1-1 EMERGENCY TELEPHONE SYSTEM BOARD

WHEREAS, the Village of Gurnee is a home rule unit municipality duly authorized and existing under the Constitution and laws of the State of Illinois; and

WHEREAS, Section 10 of Article VII of the Illinois Constitution of 1970 authorizes and promotes intergovernmental cooperation; and

WHEREAS, the Illinois Intergovernmental Cooperation Act, 5 ILCS 220/1, et. seq., further authorizes and promotes intergovernmental cooperation; and

WHEREAS, Gurnee operates a full service dispatch center located at 100 N. O'Plaine Road, Gurnee, Illinois (the “Dispatch Center”); and

WHEREAS, the Gurnee Dispatch Center is a public safety answering point (“PSAPs”) as defined in the Emergency Telephone Systems Act, 50 ILCS 750/0.01, et seq. (the “Act”); and

WHEREAS, Zion has entered into a Dispatch Services agreement with Gurnee pursuant to which Gurnee will provide dispatch services to Zion; and

WHEREAS, Section 15.4a of the Act sets forth certain consolidation requirements to ensure, among other things, that no 9-1-1 Authority, as defined in the Act, serves a population of less than 25,000, and that any 9-1-1 Authority without a PSAP in its jurisdiction be consolidated through an intergovernmental agreement with an existing 9-1-1 Authority that has a PSAP to create a joint emergency telephone systems board; and

WHEREAS, the Village of Gurnee and the City of Zion have an emergency telephone system board, as defined in the Act, appointed by its corporate authorities; and

WHEREAS, the Act authorizes any two or more municipalities, counties, or combinations thereof, to establish by intergovernmental agreement a joint emergency telephone system board, as define therein; and

WHEREAS, Article VII, Section 10 of the Illinois Constitution of 1970 provides for intergovernmental cooperation between units of local government, including the power to contract otherwise associate among themselves to obtain or share services and to exercise, combine, or transfer any power or function in any manner not prohibited by law or by ordinance; and

WHEREAS, Public Act 99-0006 created a uniform statewide surcharge and centralized collection and distribution of 9-1-1 surcharge revenues under the Illinois State Police (“ISP”), and provides that ISP will distribute surcharge revenues to joint emergency telephone system boards; and

WHEREAS, the Village of Gurnee and the City of Zion have determined that it is their mutual best interests, and in furtherance of public health, safety, and welfare, to enter into this Agreement.
NOW, THEREFORE, BE IT ORDAINED BY THE PRESIDENT AND THE BOARD OF
TRUSTEES OF THE VILLAGE OF GURNEE, LAKE COUNTY, ILLINOIS, IN THE EXERCISE
OF ITS HOME RULE POWERS, AS FOLLOWS:

Section 1. The recitals set forth above are incorporated herein by reference and are adopted
as the findings of the Mayor and Board of Trustees.

Section 2. The intergovernmental agreement to establish and operate a Joint 9-1-1 Authority,
which shall be in substantially the form attached hereto and made a part of this ordinance by
reference, is hereby approved.

Section 3. The Village President, Chief of Police, Village Administrator, and Village Clerk are
authorized and directed to take all steps necessary to carry out the intent of this ordinance,
including the execution, certification and submission of all documents related to the establishment
of a joint emergency telephone system board ("JETSB")

Section 4. Nothing in this Ordinance shall be construed to affect any suit or proceedings
pending in any court, or any rights acquired, or liability incurred, or any cause or causes of action
arising, acquired or existing under any act or ordinance or portion thereof hereby repealed or
amended by this ordinance; nor shall any just or legal right, claim, penalty or remedy of any character
of the corporate authority existing on the effective date hereof by lost, impaired or affected by this
Ordinance.

Section 5. If any provision, clause, sentence, paragraph, section, or part of this ordinance or
application thereof to any person, firm, corporation, public agency or circumstance, shall, for any
reason, be adjudged by a court of competent jurisdiction to be unconstitutional or invalid, said
judgment shall not affect, impair or invalidate the remainder of this ordinance and the application
of such provision to other persons, firms, corporation, or circumstances, but shall be confined in
its operation to the provision, clause, sentence, paragraph, section, or part thereof directly involved
in the controversy in which such judgment shall have been rendered and to the person, firm,

approval and publication in pamphlet form as required by law.

B. New Recipients of Dispatch Services. The parties acknowledge that Gurnee may be approached by other municipalities and/or fire protection districts to enter into agreements by which Gurnee may provide dispatch services and Gurnee retains the power, in its sole discretion, to enter into such agreements; provided that Gurnee represents and warrants that the standards of performance for the Dispatch Services shall not materially diminish in any manner following any extension of similar services by Gurnee to other municipalities or fire protection districts and that Zion shall not be responsible for any increased cost to the Communication Center attributable to such other municipalities or fire protection districts receiving dispatch services from Gurnee.

Section 4. Insurance.

A. Coverage Provided. Gurnee agrees to provide the following insurance coverages for the Dispatch Services:

1. Commercial General liability;
2. Business liability for any equipment used in the provision of the Dispatch Services under this Agreement;
3. First Party Property;
4. Workers' Compensation; and
5. Employers' Liability for employees of Gurnee who perform the Dispatch Services under this Agreement.
6. Such coverages shall be in amounts no less than what Gurnee maintains for itself in its normal course of business.

B. Indemnification.

1. Gurnee does hereby indemnify and hold Zion harmless from and against any and all claims which may arise out of the provision of Dispatch Services by the Communication Center under this Agreement, except to the extent caused by the negligence of Zion, as the case may be.
2. Zion does hereby indemnify and hold Gurnee harmless from and against any and all
claims which may arise out of the obligations of Zion under this Agreement, or any obligation related to the provision of police and/or fire services, except to the extent caused by the negligence of the Communication Center.

C. Proof of Coverage by Gurnee. Gurnee agrees to furnish to Zion a certificate of coverage detailing the self-insurance or commercial insurance as provided by its insurer. The certificate shall be delivered to Zion within thirty (30) days after the effective date of this Agreement, and shall name Zion as an additional insured on all certificates memorializing the coverages set forth in Section 4.A.

D. Termination of Coverage. If Gurnee's coverage as provided by its insurer is terminated for any reason:

1. Gurnee shall promptly notify Zion of receipt of any such notice; and
2. Gurnee agrees to use its best efforts to provide comparable coverage either through membership in a joint risk management association or through commercial insurance carriers.

E. Coverage by Zion. Zion agrees to provide commercial general liability coverage for their operations as provided herein, and workers compensation coverage and employers' liability for their employees who will perform obligations of Zion under this Agreement, and to provide proof of insurance at Gurnee's request.

Section 5. Promotion of Interaction and Communication.

The parties agree that they desire to establish a variety of means to enhance and promote communication and cooperation between the Communication Center and Zion. In addition to those matters otherwise addressed in this Agreement, the parties also wish to establish the following:

A. Access to information about Service Delivery. Zion shall have access to records pertaining to the Dispatch Services provided to them for the purposes of inspection by any authorized representatives of Zion (during regular business hours, upon reasonable notice), to the same extent as such records are available for inspection by any authorized representatives of the Communication Center.

B. Issue Resolution Procedure. The Communication Center shall establish operational rules and procedures for logging in and responding to inquiries and issues referred to it by individuals requesting or receiving Dispatch and/or concerning the Dispatch Services. The procedures shall include a requirement that the Communication Center informs Zion when specific inquiries and/or issues are brought to the attention of the Communication Center. The rules and procedures shall include responding to operational issues referred by the City of Zion Chiefs or their designee.

C. Regular Meetings. The parties agree that representatives of each of the parties shall meet initially to consider the implementation of operational rules and procedures for the provision of the Dispatch Services pursuant to this Agreement. The parties further agree that their representatives shall meet on a regular basis (at least quarterly) to discuss this Agreement and
the Dispatch Services provided pursuant to this Agreement, including, without limitation issues relating to the operation of the Dispatch Services and the complaint procedures.

**Section 6. Records.**

The Communication Center shall establish and keep a computerized record system for all data relative to the Dispatch Services. The parties shall provide and exchange records in accordance with the provisions and limitations of the Health Insurance Portability Accountability Act and the Criminal Justice Information Services Security Policy, the provisions of which shall supersede any conflicting requirement of this Section.

**Section 7. Dispute Resolution.**

A. **Negotiations.** The parties desire to avoid and settle without litigation any future disputes that may arise between them relative to this Agreement. Accordingly, the parties agree to engage in good faith negotiations to resolve any such dispute. If any party has a dispute about a violation, interpretation, or application of a provision of this Agreement, or a dispute regarding a party's failure to comply with this Agreement, then that party may serve on the other party written notice, delivered as provided in Section 10 of this Agreement, setting forth in detail the dispute, the provisions of this Agreement to which the dispute is related, and all facts and circumstances pertinent to the dispute. The parties then, within seven (7) days, shall schedule a date certain for representatives of the parties to meet in a conference to resolve the dispute. Such conference shall be conducted within thirty (30) days after notice of the dispute has been delivered as provided herein. If a resolution is not reached within such 30-day period (or such longer period to which the parties may mutually agree), then either party may pursue remedies available under this Agreement, including termination.

B. **Continuation of Services and Payments.** During all negotiation proceedings and any subsequent proceedings provided for in this Section 7, Gurnee and Zion shall continue to fulfill the terms of this Agreement to the fullest extent possible. Gurnee shall continue to provide Dispatch Services to Zion as provided by this Agreement. Zion shall continue to make all monthly payments to Gurnee for the Dispatch Services as provided by this Agreement. Except as provided herein, Zion shall have no right to withhold from Gurnee payments due or which become due under this Agreement, nor any right to recover from Gurnee amounts previously paid under this Agreement (unless paid in error or contrary to the provisions of this Agreement or law), nor any right of reduction or set-off against the amounts due or which become due under this Agreement; it being the intent hereof that the parties shall be absolutely and unconditionally obligated to make all payments under this Agreement, such obligations to survive termination of this Agreement.

C. **Remedies.** Provided that the parties have met their obligations under Section 7.A, the parties shall be entitled to pursue such remedies as may be available in law and equity, including an action to secure the performance of the covenants, agreements, conditions, and obligations contained herein. The parties agree that any such action must be brought in the Circuit Court of Lake County, Illinois. The requirements of Section 7.A shall be waived in the event of either significant risk of irreparable harm or significant jeopardy to public
health and safety. However, during all periods in which the parties are dealing with a dispute or a remedy, Gurnee shall continue to provide dispatch services only so long as Zion continues to make its monthly payments.

**Section 8. Term: Termination.**

A. **Term.** The term of this Agreement shall be for 4 years and 10 months following the Commencement Date, terminating on April 30, 2022. The parties may agree to renew or extend such term upon such terms and conditions as are mutually agreeable. If the parties do not agree upon a new Contract Price, and if neither party has given timely notice to terminate, then the contract will renew under the same terms and the new Contract Price shall increase at the rate of the CPI not to exceed 3.5% or be below 1%, used to calculate annual property tax extension revenue increases in and for the Parties, from the contract price immediately preceding the contract year in question.

B. **Termination.** This Agreement may be terminated pursuant to one of the following:

1. By written amendment to this Agreement duly authorized by the appropriate legislative action of each of the parties; or

2. In the event of a material default under this Agreement, and provided that the parties have failed to resolve matters pursuant to the provisions of Section 7, the non-defaulting party may notify a defaulting party in writing setting forth the nature of the default and the requested remedy of such default. The defaulting party shall thereafter have 10 days to correct the default prior to the non-defaulting party's terminating this Agreement; provided that said 10-day period shall be extended, for a reasonable time not exceeding 90 days, if said default cannot reasonably be cured within said 10-day period. If a defaulting party fails to cure the default within the cure period provided in this Section, the non-defaulting party shall have the right to terminate this Agreement by written notice of termination to the defaulting party, which termination will be effective immediately (or by such other date, not beyond the term of this Agreement, as the non-defaulting party may determine). A party that terminates this Agreement pursuant to this Section shall retain its rights to pursue any and all other remedies that may be available, either in law or in equity under this Agreement.

3. Any party may cancel this agreement without cause with advance written notice of at least 365 days and without regard to whether or not the Dispute Resolution procedure set forth in Section 7 or the material default procedure set forth in Section 8, paragraph B, subparagraph 3 has been initiated or followed by any party. Upon termination of this Agreement pursuant to this paragraph, Zion shall be responsible to reimburse Gurnee for unemployment compensation costs incurred by Gurnee that are directly attributable to Zion's request for early termination, unless a court of competent jurisdiction determines that such termination of this Agreement was due to a breach of this Agreement by the
Section 9. Miscellaneous.

A. Unfunded Mandates. The parties acknowledge that significant changes have occurred in legal requirements of Dispatch Services over the past decade and are likely to occur in the future. In the event that unfunded mandates arise which impose new obligations on the Communication Center over and above current obligations, then the parties agree to negotiate a sharing of all new or additional costs incurred to comply with said mandates, and the parties agree to be responsible for their fair share of said costs.

B. Effective Date. This Agreement shall be effective as of the date it is signed by both parties; provided, however, that the services to be provided by the Communication Center to Zion shall not begin until the Commencement Date.

Section 10. General Provisions.

A. Notice. Any notice or communication required or permitted to be given under this Agreement shall be in writing and shall be delivered (i) personally, (ii) by a reputable overnight courier, (iii) by certified mail, return receipt requested, and deposited in the U.S. Mail, postage prepaid, or (iv) by facsimile. D. Non-Waiver. No party shall be under any obligation to exercise any of the rights granted to it in this Agreement. The failure of any party to exercise at any time any right granted to such party shall not be deemed or construed to be a waiver of that right, nor shall the failure void or affect the party’s right to enforce that right or any other right.

E. Ownership and Capital Costs. Gurnee will own the entire dispatch system, including all equipment maintained inside the communication center at 100 N. O’Plaine Road, Gurnee, Illinois.

F. Consents. H. Severability. It is hereby expressed to be the intent of the parties to this Agreement that should any provision, covenant, agreement, or portion of this Agreement or its application to any person or property be held invalid by a court of competent jurisdiction, the remaining provisions of this Agreement and the validity, enforceability, and application to any person or property shall not be impaired thereby, but the remaining provisions shall be interpreted, applied, and enforced so as to achieve, as near as may be, the purpose and intent of this Agreement to the greatest extent permitted by applicable law.

I. Entire Agreement. This Agreement constitutes the entire agreement between the parties and supersedes any and all prior agreements and negotiations between the parties, whether written or oral, relating to the subject matter of this Agreement.

M. Authority to Execute. Each party hereby warrants and represents to the other parties that the persons executing this Agreement on its behalf have been properly authorized to do so by the corporate authorities of such party.

O. Third Party Beneficiaries. No claim as a third party beneficiary under this Agreement by any person shall be made, or be valid, against Gurnee and Zion.

The Monthly Dispatch Fee shall be due on the first of each month beginning on July 1, 2017; the “Commencement Date”. The provisions of the Local Government Prompt Payment Act (50 ILCS 505/1) shall apply to all payments due hereunder.

B. New Recipients of Dispatch Services. The parties acknowledge that Gurnee may be approached by other municipalities and/or fire protection districts to enter into agreements by which Gurnee may provide dispatch services and Gurnee retains the power, in its sole discretion, to enter into such agreements; provided that Gurnee represents and warrants that the standards of performance for the Dispatch Services shall not materially diminish in any manner following any extension of similar services by Gurnee to other municipalities or fire protection districts and that Zion shall not be responsible for any increased cost to the Communication Center attributable to such other municipalities or fire protection districts receiving dispatch services from Gurnee.

Section 4. Insurance.

A. Coverage Provided. Gurnee agrees to provide the following insurance coverages for the Dispatch Services:

1. Commercial General liability;
2. Business liability for any equipment used in the provision of the Dispatch Services under this Agreement;
3. First Party Property;
4. Workers’ Compensation; and
5. Employers’ Liability for employees of Gurnee who perform the Dispatch Services under this Agreement.
6. Such coverages shall be in amounts no less than what Gurnee maintains for itself in its normal course of business.

B. Indemnification.

1. Gurnee does hereby indemnify and hold Zion harmless from and against any and all claims which may arise out of the provision of Dispatch Services by the Communication Center under this Agreement, except to the extent caused by the negligence of Zion, as the case may be.
2. Zion does hereby indemnify and hold Gurnee harmless from and against any and all
claims which may arise out of the obligations of Zion under this Agreement, or any obligation related to the provision of police and/or fire services, except to the extent caused by the negligence of the Communication Center.

C. **Proof of Coverage by Gurnee.** Gurnee agrees to furnish to Zion a certificate of coverage detailing the self-insurance or commercial insurance as provided by its insurer. The certificate shall be delivered to Zion within thirty (30) days after the effective date of this Agreement, and shall name Zion as an additional insured on all certificates memorializing the coverages set forth in Section 4.A.

D. **Termination of Coverage.** If Gurnee's coverage as provided by its insurer is terminated for any reason:
   1. Gurnee shall promptly notify Zion of receipt of any such notice; and
   2. Gurnee agrees to use its best efforts to provide comparable coverage either through membership in a joint risk management association or through commercial insurance carriers.

E. **Coverage by Zion.** Zion agrees to provide commercial general liability coverage for their operations as provided herein, and workers compensation coverage and employers' liability for their employees who will perform obligations of Zion under this Agreement, and to provide proof of insurance at Gurnee's request.

**Section 5. Promotion of Interaction and Communication.**

The parties agree that they desire to establish a variety of means to enhance and promote communication and cooperation between the Communication Center and Zion. In addition to those matters otherwise addressed in this Agreement, the parties also wish to establish the following:

A. **Access to information about Service Delivery.** Zion shall have access to records pertaining to the Dispatch Services provided to them for the purposes of inspection by any authorized representatives of Zion (during regular business hours, upon reasonable notice), to the same extent as such records are available for inspection by any authorized representatives of the Communication Center.

B. **Issue Resolution Procedure.** The Communication Center shall establish operational rules and procedures for logging in and responding to inquiries and issues referred to it by individuals requesting or receiving Dispatch and/or concerning the Dispatch Services. The procedures shall include a requirement that the Communication Center informs Zion when specific inquiries and/or issues are brought to the attention of the Communication Center. The rules and procedures shall include responding to operational issues referred by the City of Zion Chiefs or their designee.

C. **Regular Meetings.** The parties agree that representatives of each of the parties shall meet initially to consider the implementation of operational rules and procedures for the provision of the Dispatch Services pursuant to this Agreement. The parties further agree that their representatives shall meet on a regular basis (at least quarterly) to discuss this Agreement and
the Dispatch Services provided pursuant to this Agreement, including, without limitation
issues relating to the operation of the Dispatch Services and the complaint procedures.

Section 6. Records.

The Communication Center shall establish and keep a computerized record system for all data
relative to the Dispatch Services. The parties shall provide and exchange records in accordance
with the provisions and limitations of the Health Insurance Portability Accountability Act and the
Criminal Justice Information Services Security Policy, the provisions of which shall supersede
any conflicting requirement of this Section.

Section 7. Dispute Resolution.

A. Negotiations. The parties desire to avoid and settle without litigation any future disputes that
may arise between them relative to this Agreement. Accordingly, the parties agree to engage in
good faith negotiations to resolve any such dispute. If any party has a dispute about a violation,
interpretation, or application of a provision of this Agreement, or a dispute regarding a
party's failure to comply with this Agreement, then that party may serve on the other party
written notice, delivered as provided in Section 10 of this Agreement, setting forth in
detail the dispute, the provisions of this Agreement to which the dispute is related, and all
facts and circumstances pertinent to the dispute. The parties then, within seven (7) days,
shall schedule a date certain for representatives of the parties to meet in a conference to
resolve the dispute. Such conference shall be conducted within thirty (30) days after
notice of the dispute has been delivered as provided herein. If a resolution is not reached
within such 30-day period (or such longer period to which the parties may mutually agree),
then either party may pursue remedies available under this Agreement, including
termination.

B. Continuation of Services and Payments. During all negotiation proceedings and any
subsequent proceedings provided for in this Section 7, Gurnee and Zion shall continue to
fulfill the terms of this Agreement to the fullest extent possible. Gurnee shall continue to
provide Dispatch Services to Zion as provided by this Agreement. Zion shall continue to
make all monthly payments to Gurnee for the Dispatch Services as provided by this
Agreement. Except as provided herein, Zion shall have no right to withhold from Gurnee
payments due or which become due under this Agreement, nor any right to recover from
Gurnee amounts previously paid under this Agreement (unless paid in error or contrary to
the provisions of this Agreement or law), nor any right of reduction or set-off against the
amounts due or which become due under this Agreement; it being the intent hereof that the
parties shall be absolutely and unconditionally obligated to make all payments under this
Agreement, such obligations to survive termination of this Agreement.

C. Remedies. Provided that the parties have met their obligations under Section 7.A, the
parties shall be entitled to pursue such remedies as may be available in law and equity,
including an action to secure the performance of the covenants, agreements, conditions, and
obligations contained herein. The parties agree that any such action must be brought in the
Circuit Court of Lake County, Illinois. The requirements of Section 7.A shall be waived in
the event of either significant risk of irreparable harm or significant jeopardy to public
Section 8. Term: Termination.

A. Term. The term of this Agreement shall be for 4 years and 10 months following the Commencement Date, terminating on April 30, 2022. The parties may agree to renew or extend such term upon such terms and conditions as are mutually agreeable. If the parties do not agree upon a new Contract Price, and if neither party has given timely notice to terminate, then the contract will renew under the same terms and the new Contract Price shall increase at the rate of the CPI not to exceed 3.5% or be below 1%, used to calculate annual property tax extension revenue increases in and for the Parties, from the contract price immediately preceding the contract year in question.

B. Termination. This Agreement may be terminated pursuant to one of the following:

1. By written amendment to this Agreement duly authorized by the appropriate legislative action of each of the parties; or

2. In the event of a material default under this Agreement, and provided that the parties have failed to resolve matters pursuant to the provisions of Section 7, the non-defaulting party may notify a defaulting party in writing setting forth the nature of the default and the requested remedy of such default. The defaulting party shall thereafter have 10 days to correct the default prior to the non-defaulting party’s terminating this Agreement; provided that said 10-day period shall be extended, for a reasonable time not exceeding 90 days, if said default cannot reasonably be cured within said 10-day period. If a defaulting party fails to cure the default within the cure period provided in this Section, the non-defaulting party shall have the right to terminate this Agreement by written notice of termination to the defaulting party, which termination will be effective immediately (or by such other date, not beyond the term of this Agreement, as the non-defaulting party may determine). A party that terminates this Agreement pursuant to this Section shall retain its rights to pursue any and all other remedies that may be available, either in law or in equity under this Agreement.

3. Any party may cancel this agreement without cause with advance written notice of at least 365 days and without regard to whether or not the Dispute Resolution procedure set forth in Section 7 or the material default procedure set forth in Section 8, paragraph B, subparagraph 3 has been initiated or followed by any party. Upon termination of this Agreement pursuant to this paragraph, Zion shall be responsible to reimburse Gurnee for unemployment compensation costs incurred by Gurnee that are directly attributable to Zion’s request for early termination, unless a court of competent jurisdiction determines that such termination of this Agreement was due to a breach of this Agreement by the
Section 9. Miscellaneous.

A. Unfunded Mandates. The parties acknowledge that significant changes have occurred in legal requirements of Dispatch Services over the past decade and are likely to occur in the future. In the event that unfunded mandates arise which impose new obligations on the Communication Center over and above current obligations, then the parties agree to negotiate a sharing of all new or additional costs incurred to comply with said mandates, and the parties agree to be responsible for their fair share of said costs.

B. Effective Date. This Agreement shall be effective as of the date it is signed by both parties; provided, however, that the services to be provided by the Communication Center to Zion shall not begin until the Commencement Date.

Section 10. General Provisions.

A. Notice. Any notice or communication required or permitted to be given under this Agreement shall be in writing and shall be delivered (I) personally, (ii) by a reputable overnight courier, (iii) by certified mail, return receipt requested, and deposited in the U.S. Mail, postage prepaid, or (iv) by facsimile. Facsimile notices shall be deemed valid upon confirmed transmission followed by notice in the manner described in either (i), (ii), or (iii) above within three business days thereafter at the appropriate address set forth below. C. **Rights Cumulative.** Unless expressly provided to the contrary in this Agreement, each and every one of the rights, remedies, and benefits provided by this Agreement shall be cumulative and shall not be exclusive of any other rights, remedies, and benefits allowed by law.

D. **Non-Waiver.** No party shall be under any obligation to exercise any of the rights granted to it in this Agreement. The failure of any party to exercise at any time any right granted to such party shall not be deemed or construed to be a waiver of that right, nor shall the failure void or affect the party's right to enforce that right or any other right.

E. **Ownership and Capital Costs.** Gurnee will own the entire dispatch system, including all equipment maintained inside the communication center at 100 N. O’Plaine Road, Gurnee, Illinois.

F. **Consents.** Unless otherwise provided in this Agreement, whenever the consent, permission, authorization, approval, acknowledgement, or similar indication of assent of any party to this Agreement, or of any duly authorized officer, employee, agent, or representative of any party to this Agreement, is required in this Agreement, the consent, permission, authorization, approval, acknowledgement, or similar indication of assent shall be in writing.

G. **Governing Law.** This Agreement shall be governed by, and enforced in accordance with, the internal laws, but not that which conflict with the laws and rules, of the State of Illinois.

H. **Severability.** It is hereby expressed to be the intent of the parties to this Agreement that should any provision, covenant, agreement, or portion of this Agreement or its application to any person or property be held invalid by a court of competent jurisdiction, the remaining provisions of this Agreement and the validity, enforceability, and application to any person or property shall not be impaired thereby, but the remaining provisions shall be interpreted, applied, and enforced so as to achieve, as near as may be, the purpose and intent of this Agreement to the greatest extent permitted by applicable law.

I. **Entire Agreement.** This Agreement constitutes the entire agreement between the parties and supersedes any and all prior agreements and negotiations between the parties, whether written or oral, relating to the subject matter of this Agreement.

J. **Interpretation.** This Agreement shall be construed without regard to the identity of the party who drafted the various provisions of this Agreement. Moreover, each and every provision of this Agreement shall be construed as though all parties to this Agreement participated equally in the drafting of this Agreement. As a result of the foregoing, any rule or construction that
a document is to be construed against the drafting party shall not be applicable to this Agreement.

K. Amendments and Modifications. No amendment or modification to this Agreement shall be effective until it is reduced to writing and approved and executed by all parties to this Agreement in accordance with applicable law.

L. Changes in Laws. Unless otherwise provided in this Agreement, any reference to laws, statutes, ordinances, rules, or regulations shall be deemed to include any modifications of, or amendments to, such laws, statutes, ordinances, rules, or regulations that may occur in the future.

M. Authority to Execute. Each party hereby warrants and represents to the other parties that the persons executing this Agreement on its behalf have been properly authorized to do so by the corporate authorities of such party.

O. Third Party Beneficiaries. No claim as a third party beneficiary under this Agreement by any person shall be made, or be valid, against Gurnee and Zion.

AGREEMENT
AGREEMENT
Alternate / Secondary Public Safety Answering Point

February 22, 2017

For 9-1-1 Emergency Communications

This agreement is made between the Gurnee Public Safety Answering Point located at 100 N. O’Plaine Road, Gurnee IL 60031, hereinafter referred to as “Gurnee PSAP” and the Waukegan Police Department Public Safety Answering Point located at 101 N. West Street, Waukegan IL 60085, hereinafter referred to as “Waukegan PSAP” for the purpose of effective handling and routing of E-9-1-1 and wireless 9-1-1 emergency calls for police/fire assistance.

Call Handling

When the volume of emergency calls at the Gurnee PSAP is such that an overflow of emergency calls is produced, the overflow of emergency calls will be transferred to the Waukegan PSAP. The Waukegan PSAP will serve as the secondary Public Safety Answering Point, and will be utilized in the event that the primary Gurnee PSAP becomes inoperable, providing the Waukegan PSAP is physically capable of receiving such calls. Waukegan would then become the receiving center for all emergency public safety service requests intended for the Gurnee PSAP for the duration of said event. Should an extended overflow or inoperability event occur, the Gurnee PSAP will physically assign dispatch personnel to the Waukegan PSAP in order to assist with the extra call volume.

When the Waukegan Police Department receives an overflow emergency call for service originating in the Village of Gurnee, they will transfer the call to the Gurnee Police Department and an emergency unit will respond to the call for assistance. Should the Waukegan PSAP be utilized in the event that the primary Gurnee PSAP becomes inoperable, dispatch personnel from Gurnee will be assigned to the Waukegan Police Department to assist with the calls being made via radio relay on StarCom 21 utilizing a pre-determined talk group or other radio resource(s).

Reference: 911 Back Up Agreement

Dear Chief Brumlik,

This letter is to inform you the Zion Police Dispatch Center will be closing in July 2017. The dispatch service responsibilities will be transferred to the Gurnee Police Department. The reason for this notification is to advise you that due to the closing of our dispatch center, we will no longer be able to be the 911 back-up PSAP for your agency. Based on our conversations with the administration of the Gurnee Police Department, they have volunteered to become the back-up PSAP for Winthrop Harbor. If this is agreeable, please reach out to Deputy Chief Saundra Campbell at the Gurnee Police Department as a new back up agreement will need to be executed.

Sincerely,

Stephen J. Dumyahn

This agreement is made between the Public Safety Answering Point, hereinafter referred to as “PSAP” and the Gurnee Police Department for the purpose of effective handling and routing of E-9-1-1 and wireless 9-1-1 emergency calls for police/fire assistance.

Call Handling

NETWORK DIAGRAM
TEST PLAN DESCRIPTION

1) Description of test plan (back-up, overflow, failure, database).

The new E9-1-1 network design for Gurnee links the Gurnee PSAP at 100 N. O'Plaine Rd, Gurnee, IL 60031 to the AT&T E9-1-1 Selective Router. The backup PSAP will be the Waukegan Dispatch Center at 101 N West St., Waukegan, IL 60085. The 9-1-1 trunks will be programmed into the AT&T selective router with an overflow route to Waukegan Dispatch Center as the second choice. Should all the trunks in the group become busy or be taken out of service, AT&T selective router will determine if 9-1-1 calls can be re-routed the overflow route to the Waukegan Dispatch Center. AT&T will conduct a call-through testing prior to, and during, the cut over to the consolidated PSAP. This testing will involve personnel making test calls to the PSAPs routing telephone number and will be done to ensure every member of the 9-1-1 trunk group is tested. The premise equipment will be tested to ensure the system is capable of transferring 9-1-1 calls with at least 99% accuracy.

2) List wireline exchanges to be tested.
