   INDigital will coordinate the ordering and installation of trunks from the participating carriers to the two new LNG's or ESRP's. INDigital will work with the carriers that are currently connected to the NG911 Inc selective router for delivery of wireline and wireless 9-1-1 calls for Union and Alexander County. Traffic will be migrated over, carrier by carrier, to the new LNG's or ESRP's. The target completion date for the migration is during the third quarter of 2019.

   The network will be provisioned as an IP based, Next Generation network and will deliver calls using IP technology to the PSAP. Access is password protected. The IP based 911 network is private with no outside access. There will be redundant Legacy Network Gateways (LNG's) and Emergency Service Routing Proxy's (ESRP's). One set is located in Mattoon, IL and the other is located in Risonare, IL. Carriers can deliver 9-1-1 calls to the ESRP's or LNG's by using SS7 signaling or by using SIP trunk, IP based signaling. Please see the attached proposed network diagram.

(Please include additional pages if needed.)

7) Explain who will be responsible for updating and maintaining the data, at a minimum on a daily basis Monday through Friday.
8) Explain what security measures will be placed on the IP 9-1-1 network and equipment to safeguard it from malicious attacks or threats to the system operation and what level of confidentiality will be placed on the system in order to keep unauthorized individuals from accessing it.

Plan Narrative:

CSI - Union County/Alexander Joint 9-1-1 System

The Union County Emergency Telephone System Board is requesting to change it’s 9-1-1 System Service Provider (9-1-1 SSP) from NG911 Inc. to iNdigital telecom (iNdigital). The existing Solacom IP Selective routing system will be re-provisioned as an IP based NG911 call handling System. The Union County ETSB is upgrading their call delivery system, to ensure that all carriers are connected directly to the selective routers serving the PSAP.

In addition, Union County is also requesting approval of consolidating its 9-1-1 System with Alexander County. Union County has entered into an intergovernmental agreement with Alexander County to consolidate into a joint 9-1-1 System and form a joint Emergency Telephone System Board (ESTB). The consolidated 9-1-1 System will be called the Union/Alexander County Joint ETSB. The existing PSAP that is located in Union County will answer wireline, wireless, and VoIP 9-1-1 calls for both counties.

The consolidated system will comply with all State and Federal requirements and be compliant with the National Emergency Number Association (NENA) standards.

The network will be provisioned as an IP based, Next Generation i3 capable network and will deliver calls using IP technology to the PSAP. All access to the systems are secured by individual user level two factor login credentials. The IP based 9-1-1 call delivery network is private with no outside access. Redundant Legacy Network Gateways (LNG’s) and Emergency Service Routing Proxy’s (ESRP’s) otherwise referred to as selective routers will handle all call routing for the PSAP. One set of call routing elements is located in the Consolidated Communications Mattoon, IL Central Office and the other is located in the Shawnee Communications Central Office in Rosiclare, IL.

iNdigital is an established 9-1-1 SSP in the State of Illinois as well as in multiple other states and will be using the same security protocols that are currently working in its established systems throughout Illinois. iNdigital’s network is compliant with NENA standards and with FCC 13-158 network reliability and security requirements.

Carrier network deployment stages::
Stage 1:

The carrier trunks will remain connected to Frontier’s Carbondale central office. New network connections will be be established from Carbondale to gateways located at the existing data centers in Murphysboro and Harrisburg.
Narrative Plan:

9-1-1 calls will be directed over the new INdigital connections at Carbondale to the gateways at the data centers and then be delivered to INdigital's IP based selective routers/ESRP's located in Mattoon and Rosiclare for selective routing to the appropriate PSAP. 9-1-1 Selective Routing for 9-1-1 call delivery and Automatic Number Identification (ANI) and Automatic Location Identification (ALI) delivery will be provided by the INdigital 9-1-1 IP based selective routers/ESRP's and ALI database management system.

The Solacom Controller equipment that is currently located at Harrisburg and Murphysboro, will be re-configured by the contracted maintenance provider to perform as strictly ANI/ALI Controllers. Selective routing will be performed by the INdigital selective routers and FIPS codes will be provided with delivery of the call to the ANI/ALI controllers to indicate the appropriate PSAP for 9-1-1 call delivery. The Solacom ANI/ALI controllers will retrieve the ALI information from INdigital's Database Management System (DBMS) and deliver it to the PSAP call station equipment. The current Datamaster System will also be re-configured at this time by the contracted maintenance provider to no longer provide ALI information to the PSAPs.

During Stage 1, INdigital will mirror the current ALI database by requesting a copy of the 9-1-1 Database from Frontier who is currently administering the 9-1-1 database as a subcontractor. INdigital will also request a copy of the MSAG from the 9-1-1 System and will use established update processes with Frontier until the Stage 2 carrier migration is complete.

The current ESI.net that exists between the two data centers and the PSAP will remain in place for call delivery. INdigital will install tertiary internet connections to the PSAP along with INdigital's MEVO backup solution prior to the Stage 1 cutover. The PSAP will have the ability to use the hot standby disaster recovery platform in an 'active + active' 9-1-1 delivery platform. This will be used as a backup during the Stage 1 cutover providing the PSAP with the ability to receive 9-1-1 calls with ANI and ALI should there be any issues during the Stage 1 cutover.

The consolidation of the network for both Union and Pulaski Counties will occur during Stage 2 of the project. All split exchanges for both counties are shared with other counties that are part of the CSI group and will continue to route to the same PSAPs that are currently receiving the calls during and after the Stage 1 cutover. PS ALI subscribers will continue to route as they currently do after the Stage 1 cutover.

All split exchanges will be discussed, and the routing will be thoroughly planned for based on ICC/ISP orders during the Stage 2 industry project calls that will be hosted by INdigital on a regular basis. These project calls will include all participating Originating Service Providers (OSP's), along with ICC and ISP Staff, as well as representation from the 9-1-1 System. Any changes to the routing of split exchanges for Alexander County will occur at cutover for Stage 2. Alexander County calls will be migrated to the Union/Alexander County PSAP at Stage 2 cutover. PS ALI subscribers will be identified and notified during Stage 2 network and database migration plans.

INdigital will work with Union County to perform test calls to make sure all 9-1-1 calls are routing properly with ANI/ALI to the PSAP prior to the cutover and then immediately following the Stage 1 cutover to insure all calls are being delivered to the proper PSAP with the correct ANI and ALI. Overflow and backup routing will also be tested along with transfer capabilities.

Stage 2:
The OSPs/Carriers that are currently connected to Carbondale for Union and Alexander Counties will establish new 9-1-1 trunks to the INdigital selective routers/or LNGs that are located in Mattoon and Rosiclare, Illinois. INdigital will work with each carrier to determine the type of trunk signaling and establish points of interconnection for 9-1-1 call delivery. INdigital will host industry project management calls with all participating carriers, ICC Staff, ISP Staff, and the 9-1-1 System maintenance provider to establish a schedule to coordinate the network installation as well as the subsequent 9-1-1 traffic migration to the INdigital selective routers/ESRP's. The OSPs/Carriers can deliver 9-1-1 calls to the INdigital ESRPs or LNG's by using SS7 signaling or by using SIP trunking, with associated IP based signaling. PS ALI subscribers will be identified and included in the network and database migration plans.

INdigital leases facilities with other certified carriers in Illinois to build out its network and establish Points of Interconnection (POI's) with other certified carriers within the state. All facility orders are requested by INdigital through the Access Service Request (ASR) system. INdigital will be establishing facilities to allow interconnection with each carrier during Stage 2 of the project. Typically, multiple carriers are used based on facility availability and diversity requirements and are determined while coordinating interconnections with the participating carriers during the Stage 2 project implementation calls. INdigital takes responsibility for performance and maintenance of all leased facilities.

Stage 2 network diagrams will be developed and submitted after being finalized during the industry project management calls with the carriers. All participating carriers, including third-party network aggregators will be identified, notified and included in the Stage 2 project implementation calls. Finalized costs will be requested from the ILEC's and submitted during this period as well. The Stage 2 Final Network Diagram and carrier costs will be submitted to the ISP and the ICC by the 9-1-1 System.

Router to router trunks will be established between INdigital's ESRP's and selective routers owned by other 9-1-1 SSP's for routing of split exchanges where necessary.
Narrative Plan:

INdigital will administer the 9-1-1 database and MSAG for the subscribers that reside in the service territory of the consolidated system. INdigital will request TN loads and establish update processes with the participating OSP/carriers prior to the cut over and assume all 9-1-1 SSP administrative responsibilities for the database at the time of conversion. INdigital will work with the carriers and the Union/Alexander County Joint 9-1-1 System to keep the database current and in compliance with Illinois state law, on an ongoing basis.

INdigital will mirror current call transfer conditions at the time of conversion and will implement 9-1-1 call transfer with ANI between neighboring counties of the Consolidated system where possible, post-conversion. The Union/Alexander Joint ETSB will file a wireless plan with the ISP after the consolidation modification plan is approved. Wireless calls will be delivered in Stage 1 as they are currently delivered. INdigital will route wireless 9-1-1 based on what has been approved by the ISP/ICC.

5 YEAR STRATEGIC PLAN
FOR CONSOLIDATION
FIVE YEAR STRATEGIC PLAN FOR CONSOLIDATION PLAN

(Provide a detailed summary of the proposed system's operation, including but not limited to, a five-year strategic plan for implementation of the consolidation plan with financial projections)

Narrative:

The Union/Alexander County ETSB PSAP will serve all citizens of Union and Alexander Counties.

Mapping, addressing, database update records, recordings, etc will be maintained by the Union/Alexander County Joint ETSB Staff. All calls for service will be answered at the existing Union County PSAP utilizing the current Solocom 9-1-1 CPE and radio consoles.

All emergency service agency dispatch frequencies either are currently installed or will be installed prior to cut live of the Joint ETSB system.

Alexander County ETSB currently has a contract with Pulaski County ETSB to provide dispatch services. This contract requires a "one year notice to quit". The notice to quit was mailed certified on September 19, 2018.

During this year requirement, the following can be accomplished:

All necessary changes will be made at the Union County PSAP to incorporate the dispatching needs of Alexander County Emergency Responders.

Coordination with the SSP to install Alexander MSAG, database and mapping information.

Coordination with AT&T & Frontier (LEC's), wireless vendors and VOIP providers to ensure call deliver to the Union County PSAP and call testing performed. In addition to providing adequate notice to LEC's, wireless vendors and VOIP providers for the Union/Alexander County Joint ETSB to begin receiving all previous Alexander County Surcharge, currently sent to Pulaski County ETSB.

Following is a timeline estimate:

***DETAILED 5 YEAR STRATEGIC PLAN ATTACHED***
**Mission Statement:**

Union/Alexander County Joint ETSB exists to enhance the quality of life of every person entering or residing in Union/Alexander County's, by receiving and processing 9-1-1 emergency calls, dispatching Police, Fire and Emergency Medical Services in a prompt efficient, courteous, and professional manner, to help save lives and protect property and assist the public, making Union/Alexander a safe place to live, work and visit.

**Union/Alexander County Joint ETSB:**

Currently, Union and Alexander County ETSB's approve and project planning within in their current year budget approval.

Dispatch Services will be provided contractually by the Union County Sheriff's Office PSAP located at 309 W Market St, Jonesboro IL 62952. Union/Alexander Joint ETSB will continue utilizing the Union County Sheriff's dispatch employees. Current Union County Sheriff's Office SOP's incorporate the needs of the Joint ETSB and Emergency Services.

Previously, Alexander County entered into a Dispatch Contract with Pulaski County 9-1-1. This contract requires a "one year notice to quit". Upon the completion of this requirement, dispatch services for Alexander County will begin at the Union County PSAP.

The current Next Generation Solocom 9-1-1 equipment was upgraded and installed in 2015 meeting or exceeding NENA standards. A modification plan was filed and approved for Union and Alexander County individually.

Mapping system is provided through WTH Engineering. The mapping system has been utilized by Union County 9-1-1 and the Alexander County map data has been incorporated within this mapping system to identify the location of VOIP, wire line and wireless callers.

**Objectives and Strategies:**

Funding of Union/Alexander needs to be proactive versus reactive, due to technological advances, mandate required for 9-1-1 centers and grant funding becoming minimal or non-existent. The County Boards do not offer financial support and the agencies we provide dispatch services cannot absorb dispatch fees needed for equipment maintenance and replacement.
Union County provides facility maintenance, Sheriff's Office personnel, employee benefits, utilities, IT generator backup within the contractual agreement to provide dispatch services. ETSB reimburses the County for Sheriff's Office Dispatch personnel and benefits.

The strategy is as follows:

1. Seek and provide support for Legislative efforts to increase wireless/wire line /VOIP tariff funding.
2. Seek possible grant funds.
3. Continue to manage costs.

PA099-0006 standardized surcharge for all wireless, wire line, VOIP phones. It also included an increase in pre-paid phone service. Recurring network costs became the responsibility of the Illinois State Police on January 1, 2016. Systems with a higher surcharge referendum than $.87 set by this public act will be held harmless to the amount of wire line income reported by Union County and Alexander County in the 2014 AR report.

**Staffing and Hiring:**

Administrative staff level will be determined by the Joint ETSB.

Dispatch staff level will be determined by the Union County Sheriff with additional dispatch staff hiring under the Union County Merit Commission.

**Training and Development:**

Mandatory training of EMD/CPR/IDPH
Standard Operating Procedure
Continuing Education as required to maintain EMD/CPR/IDPH

**Facility:**

A new Court House facility was completed in 2013. The brick facility was constructed with all proper security requirements of a 9-1-1 center. The Union County Sheriff's PSAP is located in the bottom floor of the facility. Security card access is limited by permissions within each individual card. Security cameras are monitored within the PSAP. No public access is permitted.

Insurance for the facility is provided by the County of Union. Insurance is also supplied by Union County and reimbursed from ETSB for personal ETSB property. (Repeaters, radio equipment, towers, PSAP equipment, office equipment, vehicle etc.)

Union County provides maintenance of the building.
**Equipment:**

The equipment needed to operate the 9-1-1 system, paging/dispatching and CAD records management system are all separate components.

Solocom equipment is utilized for the 9-1-1 call answering workstations.

ZETRON touch screen radio consoles are used to dispatch all Union and Alexander County emergency personnel.

An EVENTIDE Next Logging System is utilized to record all 9-1-1 calls. An annual maintenance agreement is provided by Nelson Systems.

**Radio:**

The radio's at the 9-1-1 center are the property of Union/Alexander Joint ETSB.

**Antennae's and Repeaters:**

Union/Alexander Joint ETSB owns (1) repeater located on Bean Ridge Rd in Alexander County. Alexander Housing Authority High rise in Cairo, IL has an antennae on the roof to aid communications in the Cairo area. Union/Alexander rents tower space on Walkers Communication tower located on Skyline Dr Alto Pass for Union County emergency communications. Radio links are located at the Wolf Lake Fire Department and Dongola Fire Departments to communicate in low lying areas of Union County.

**CAD System - IDS Software:**

Union County Sheriff's Office and Union County ETSB jointly purchased a CAD Records Management Software for IDS Software. The vendor individually bills Union County ETSB for CAD Maintenance. All other modules are funded by the Union County Sheriff's Office.

**WTH Engineering Mapping System:**

The WTH Engineering Mapping System was purchased to complete Phase II capabilities. The mapping meets (or exceeds) NENA i3 standards for Next Generation Mapping. The CAD spill aides the mapping software to automatically plot the location of the caller within seconds of the telecommunicator answering the call. Emergency Services may, at
their expense purchase an un-editable license for their emergency units and/or stations. Master mapping data is synced at least once weekly off site, with WTH in Indianapolis, IN, and emergency service units can “pull” synced data to their license for emergency use.

Addresses within Union and Alexander are assigned using this software. Individual names and/or phone information is not included within the mapping software.

An annual maintenance agreement is carried on this software.

**UPS Battery Back Up System:**

Union County supplies the generator for the Union County Sheriff’s Office PSAP. Diesel fuel is provided by the Union County Highway Department.

UPS systems provide power for the short duration between the loss of power to the Generator providing power. All backroom radios, servers, recorder, 9-1-1 call answering workstations have individual UPS backup.

**Office Furniture and Dispatch Consoles:**

All of the office furniture and consoles for dispatch were purchased by Union County during the construction phase. Replacement and repairs are performed as needed.

**Public Information and Education:**

Public information is supplied to the schools (as needed) for public education in the proper use of dialing 9-1-1. Public information and education is performed during the Union County Fair.

**Pursue Other Sources of Funding:**

Union/Alexander County ETSBs participate in the Counties of Southern Illinois-CSI. This coalition was successful in partnering with ClearWave Communications to receive a BTOP/NTIA grant for laying fiber to the PSAPs and Next Generation equipment.

Union/Alexander Joint ETSB will pursue all available outside funding sources.

Notwithstanding any other provisions of the Agreement (including these Terms), the Receiving Party's obligations under this Section 5 with respect to any Confidential Information that constitutes a trade secret under any applicable Law will continue until such time, if ever, as such Confidential Information ceases to qualify for trade secret protection under one or more such applicable Laws other than as a result of any act or omission of the Receiving Party or any of its Representatives.

5.4. Compelled Disclosures. If the Receiving Party or any of its Representatives is compelled by applicable Law to disclose any Confidential Information then, to the extent permitted by applicable Law, the Receiving Party shall: (a) promptly, and prior to such disclosure, notify the Disclosing Party in writing of such requirement so that the Disclosing Party can seek a protective order or other remedy or waive its rights under Section 5.3 of these Terms; and (b) provide reasonable assistance to the Disclosing Party, at the Disclosing Party's sole cost and expense, in opposing such disclosure or seeking a protective order or other limitations on disclosure. If the Disclosing Party waives compliance or, after providing the notice and assistance required under this Section 5.4, the Receiving Party remains required by Law to disclose any Confidential Information, the Receiving Party shall disclose only that portion of the Confidential Information that the Disclosing Party is legally required to disclose and, on the Disclosing Party's request, shall use commercially reasonable efforts to obtain assurances from the applicable court or other presiding authority that such Confidential Information will be afforded confidential treatment.

5.5. Return; Destruction. Confidential Information will remain the property of the Disclosing Party and will, at the Disclosing Party's request and after it is no longer needed for the purposes of the Agreement (including these Terms) or upon expiration or termination of the Agreement (including these Terms) for any reason, whichever occurs first, promptly be returned to the Disclosing Party or be destroyed, together with all copies made by the Receiving Party and by anyone to whom such Confidential Information has been made available by the Receiving Party in accordance with the provisions of this section.

6. FEES AND PAYMENT.

6.1. License Fees. In consideration of the rights granted to Customer under the Agreement (including these Terms), Customer shall pay to INdigital the license fees set forth in Exhibit D (attached to, and incorporated by reference into, the Agreement) in accordance with that exhibit and the terms of this Section 7. If the Term is renewed for any Renewal Term(s) pursuant to Section 9.2 of these Terms, Customer shall pay the then-current standard license fees that INdigital charges for the Software during the applicable Renewal Term.

6.2. Additional Fees and Expenses. In consideration of INdigital providing installation, support and maintenance, training, and other ancillary services under the Agreement (including these Terms), Customer shall pay to INdigital the fees set forth in Exhibit D attached to, and incorporated by reference into, the Agreement.

6.3. Taxes. All license fees and other amounts payable by Customer under the Agreement (including these Terms) are exclusive of taxes and similar assessments. Without limiting the foregoing, Customer is responsible for all sales, service, use and excise taxes, and any other similar taxes, duties and charges of any kind imposed by any federal, state or local governmental or regulatory authority on any amounts payable by Customer under the Agreement, other than any taxes imposed on INdigital's income.

6.4. Payment Obligation. The Third-Party Payor shall be solely responsible for the payment of those items which are listed on Exhibit D with an asterisk (*) symbol together with any other cost which is, from time to time, required by Illinois State law. 6.5. Payment. Customer shall pay all amounts due and owing under the Agreement (including these Terms) within thirty 30 days after the date of INdigital's invoice thereof. Customer shall make all payments

(9-1-1 SERVICES AND SOFTWARE LICENSE)

under the Agreement in US dollars by wire transfer or check to the address or account specified in Exhibit D attached to, and incorporated by reference into, the Agreement or such other address or account as INdigital may specify in writing from time to time. Notwithstanding the foregoing, Customer shall not be responsible for amounts billed directly to the Illinois State Police 9-1-1 Administrative Support Command.

6.6. Late Payment by Customer. If Customer fails to make any payment, for which it is responsible, when due then, in addition to all other remedies that may be available to INdigital:

(a) INdigital may charge interest on the past due amount at the rate of 1.5% per month calculated daily and compounded monthly or, if lower, the highest rate permitted under applicable Law;

(b) Customer shall reimburse INdigital for all reasonable costs incurred by INdigital in collecting any late payment of amounts due or related interest, including attorneys’ fees, court costs and collection agency fees. Notwithstanding the foregoing, Customer shall not be responsible for amounts billed directly to the Illinois State Police 9-1-1 Administrative Support Command; and

(c) if such failure continues for thirty (30) days following written notice thereof, INdigital may, following a further six (6) month notice: (i) disable Customer’s use of the Software (including by means of a disabling code, technology or device); (ii) withhold, suspend or revoke its grant of a license and/or sublicense under the Agreement; and/or (iii) terminate the Agreement (including these Terms) under Section 9.3(a) or Section 9.3(b) of these Terms, as applicable. INdigital shall cooperate with Customer and Customer’s selected subsequent provider to facilitate an orderly transition.

6.8. No Deductions or Setoffs. All undisputed amounts payable to INdigital under the Agreement (including these Terms) by Customer shall be paid by Customer to INdigital in full without any setoff, recoupment, counterclaim, deduction, debit or withholding for any reason (other than any deduction or withholding of tax as may be required by applicable Law). Disputed amounts may be withheld until the associated dispute is resolved.

7. SECURITY MEASURES. The Software may contain technological measures designed to prevent unauthorized or illegal use of the Software. Customer acknowledges and agrees that: (a) INdigital may use these and other lawful measures to verify Customer’s compliance with the terms of the Agreement (including these Terms) and enforce INdigital’s rights, including all Intellectual Property Rights, in and to the Software; (b) INdigital may deny any individual access to and/or use of the Software if INdigital, in its sole reasonable discretion, believes that Person’s use of the Software would violate any provision of the Agreement (including these Terms); and (c) INdigital and its Representatives may collect, maintain, process and use diagnostic, technical, usage and related information, including information about Customer’s computers, systems and software, that INdigital may gather periodically to improve the performance of the Software or develop Maintenance Releases. This information will be treated in accordance with INdigital’s privacy policy, as amended from time to time.

8. INTELLECTUAL PROPERTY RIGHTS.

8.1. Intellectual Property Ownership. Customer acknowledges and agrees that:

(a) the Software and Documentation are licensed or sublicensed and not sold to Customer by INdigital and Customer does not and will not have or acquire under or in connection with the Agreement (including these Terms) any ownership interest in the Software or Documentation, or in any related Intellectual Property Rights;

(b) INdigital and its licensor(s) are and will remain the sole and exclusive owners of all right, title and interest in and to the Software and Documentation, including all Intellectual Property Rights relating thereto, subject only to the limited license granted to Customer under the Agreement; and
(c) Customer hereby unconditionally and irrevocably assigns to INdigital or INdigital's designee, Customer's entire right, title and interest in and to any Intellectual Property Rights that Customer may now or hereafter have in or relating to the Software or Documentation (including any rights in derivative works or patent improvements relating to either of them), whether held or acquired by operation of law, contract, assignment or otherwise.

8.2. Customer Cooperation and Notice of Infringement. Customer shall, during the Term:

(a) take all reasonable measures to safeguard the Software and Documentation (including all copies thereof) from infringement, misappropriation, theft, misuse or unauthorized access;

(b) at INdigital's expense, take all such steps as INdigital may reasonably require to assist INdigital in maintaining the validity, enforceability and INdigital's ownership of the Intellectual Property Rights in the Software and Documentation;

(c) promptly notify INdigital in writing if Customer becomes aware of:

(i). any actual or suspected infringement, misappropriation or other violation of INdigital's Intellectual Property Rights in or relating to the Software or Documentation; or

(ii). any claim that the Software or Documentation, including any production, use, marketing, sale or other disposition of the Software or Documentation, in whole or in part, infringes, misappropriates or otherwise violates the Intellectual Property Rights or other rights of any Person; and

(d) at INdigital's expense, fully cooperate with and assist INdigital in all reasonable ways in the conduct of any claim, suit, action or proceeding (each, an "Action") by INdigital to prevent or abate any actual or threatened infringement, misappropriation or violation of INdigital's rights in, and to attempt to resolve any claims relating to, the Software or Documentation.

8.3. No Implied Rights. Except for the limited rights and licenses expressly granted under the Agreement, nothing in the Agreement (including these Terms) grants, by implication, waiver, estoppel or otherwise, to Customer or any third party any Intellectual Property Rights or other right, title, or interest in or to any of the Software or Documentation.

9. TERM AND TERMINATION.

9.1. Initial Term. Subject to the Third Party Payor's approval of the modification plan as required IL Ad. Code Title 83, Ch. IV, Part 1325, the initial term of the Agreement commences as of the Effective Date and will continue in effect until such time as specified in Section 11 of the Agreement, unless terminated earlier pursuant to any of the Agreement's express provisions (the "Initial Term").

9.2. Renewal Term. The Agreement will automatically renew for additional successive terms specified in Section 11 of the Agreement unless earlier terminated pursuant to any of the Agreement's express provisions or either Party gives the other Party written notice of non-renewal at least ninety (90) days prior to the expiration of the then-current term (each, a "Renewal Term" and, collectively, together with the Initial Term, the "Term").

9.3. Termination. The Agreement may be terminated at any time:

(a) by INdigital, effective on written notice to Customer, if Customer fails to pay any amount for which it is responsible when due under the Agreement (including these Terms), where such failure continues more than thirty (30) days after INdigital's delivery of written notice thereof ("Payment Failure");

(b) by INdigital, on written notice to Customer if any two or more Payment Failures occur in any 12-month period;

(c) by either Party, effective on written notice to the other Party, if the other Party materially breaches the Agreement (including these Terms) and such breach: (i) is incapable of cure; or (ii) being capable of cure, remains uncured thirty (30) days after the non-breaching Party provides the breaching Party with written notice of such breach (except in the case of a Payment Failure, which shall be governed by Section 9.3(a) of these Terms);

(d) by INdigital, if the Customer: (i) is dissolved or liquidated or takes any corporate action for such purpose; (ii) becomes insolvent or is generally unable to pay its debts as they become due; (iii) becomes the subject of any voluntary or involuntary bankruptcy proceeding under any domestic or foreign bankruptcy or insolvency Law; (iv) makes or seeks to make a general assignment for the benefit of its creditors; or (v)
applies for, or consents to, the appointment of a trustee, receiver or custodian for a substantial part of its property;

(e) by INdigital, upon notice to Customer, if Customer is in breach of any other agreement between the Parties and such breach is not cured pursuant to the terms of such agreement.

(f) In the event the Agreement is terminated under this Section 9.3, INdigital shall cooperate with Customer and Customer’s selected subsequent provider for the following 6 months from written notice of said termination for purpose of transitioning emergency telephone services.

9.4. Materiality. INdigital’s failure to comply with paragraph 4.2(i) shall be a material breach.

9.5. Effect of Termination or Expiration. On the expiration or earlier termination of the Agreement:

(a) all rights, licenses and authorizations granted to Customer under the Agreement will immediately terminate and Customer shall:

(i). immediately cease all use of and other activities with respect to the Software and Documentation other than those described in Section 9.4(a)(ii) of these Terms;

(ii). within sixty (60) days deliver to INdigital, or at INdigital’s written request destroy, and permanently erase from all devices and systems Customer directly or indirectly controls, the Software, the Documentation and INdigital’s Confidential Information, including all documents, files and tangible materials (and any partial and complete copies) containing, reflecting, incorporating or based on any of the foregoing, whether or not modified or merged into other materials;

(iii). certify to INdigital in a signed written instrument that it has complied with the requirements of this Section 9.4; and

(b) all amounts payable by Customer to INdigital of any kind under the Agreement (including these Terms) are immediately payable and due no later than thirty (30) days after the effective date of the expiration or INdigital’s termination of the Agreement.

9.6. Surviving Terms. The provisions set forth in the following sections, and any other right, obligation or provision under the Agreement (including these Terms) that, by its nature, should survive termination or expiration of the Agreement (including these Terms), will survive any expiration or termination of the Agreement: this Section 9.5 of these Terms, Section 1 of these Terms (Definitions), Section 5 of these Terms (Confidentiality), Section 8 of these Terms (Intellectual Property Rights), Section 10 of these Terms (Representations and Warranties), for clarity, including Section 10.7 of these Terms (Disclaimer), Section 11 of these Terms (Indemnification), Section 12 of these Terms (Limitations of Liability), and Section 15 of these Terms (Miscellaneous).

10. REPRESENTATIONS AND WARRANTIES.

10.1. Mutual Representations and Warranties. Each Party represents, warrants and covenants to the other Party that:

(a) it has the full right, power and authority to enter into and perform its obligations and grant the rights, licenses and authorizations it grants and is required to grant under the Agreement (including these Terms);

(b) the execution of the Agreement by its representative whose signature is set forth at the end of the Agreement has been duly authorized by all necessary action of such Party; and

(c) when executed and delivered by both Parties, the Agreement (including these Terms) will constitute the legal, valid and binding obligation of such Party, enforceable against such Party in accordance with its terms.

10.2. Limited Warranty. Subject to the limitations and conditions set forth in Section 10.3 of these Terms and Section 10.4 of these Terms, INdigital warrants to Customer that for a period of 365 days from the Effective Date (the “Warranty Period”), the Software will substantially conform in all material respects to the specifications set forth in the Documentation, when installed, operated and used as recommended in the Documentation and in accordance with the Agreement (including these Terms).

10.3. Customer Requirements. The limited warranty set forth in Section 10.2 of these Terms applies only if Customer: (a) notifies INdigital in writing of the warranty breach before the expiration of the Warranty Period; (b) has promptly installed all Maintenance Releases to the Software that INdigital previously made available to Customer; and (c) as of the date of notification, is in compliance with all terms and conditions of the Agreement (including these Terms) (including the payment of all license fees then

10.4. Exceptions. Notwithstanding any provisions to the contrary in the Agreement (including these Terms), the limited warranty set forth in Section 10.2 of these Terms does not apply to problems arising out of or relating to:  

(a) Software, or the media on which it is provided, that is modified or damaged by Customer or its Representatives;  

(b) any operation or use of, or other activity relating to, the Software other than as specified in the Documentation, including any incorporation in the Software of, or combination, operation or use of the Software in or with, any technology (including any software, hardware, firmware, system or network) or service not specified for Customer's use in the Documentation, unless otherwise expressly permitted by INdigital in writing;  

(c) Customer's or any third party's negligence, abuse, misapplication or misuse of the Software, including any use of the Software other than as specified in the Documentation or expressly authorized by INdigital in writing;  

(d) Customer's failure to promptly install all Maintenance Releases that INdigital has previously made available to Customer;  

(e) the operation of, or access to, Customer's or a third party's system or network;  

(f) any beta software, software that INdigital makes available for testing or demonstration purposes, temporary software modules or software for which INdigital does not receive a license fee;  

(g) Customer's material breach of any provision of the Agreement (including these Terms);  

(h) any other circumstances or causes outside of the reasonable control of INdigital (including abnormal physical or electrical stress); or  

(i) any failure or interruption of any electrical power, or any accident or cause external to the Software, including, but not limited to, problems or malfunctions related to Customer's network, database, third party software products, workstation configurations, Customer's hardware, operator error, or Customer's negligence or willful misconduct.  

10.5. Remedial Efforts. If INdigital breaches, or is alleged to have breached, the limited warranty set forth in Section 10.2 of these Terms, INdigital may, at its sole option and expense, take any of the following steps to remedy such breach:  

(a) replace any damaged or defective media on which INdigital supplied the Software;  

(b) amend, supplement or replace any incomplete or inaccurate Documentation;  

(c) repair the Software;  

(d) replace the Software with functionally equivalent software (which software will, on its replacement of the Software, constitute Software); and/or  

(e) terminate the Agreement and, provided that Customer fully complies with all of its post-termination obligations as set forth in Section 9.4 of these Terms, promptly refund to Customer, on a pro rata basis, the share of any license fees prepaid by Customer for the future portion of the Term that would have remained but for such termination.  

10.6. Sole Remedy. If INdigital does not cure a warranty breach or terminate the Agreement as provided in Section 10.5 of these Terms within a reasonable period of time after INdigital's receipt of written notice of such breach, Customer shall have the right to terminate the Agreement as provided in Section 9.3(c) of these Terms. Provided that Customer fully complies with its post-termination obligations as set forth in Section 9.4 of these Terms, INdigital shall promptly refund to Customer, on a pro rata basis, the share of any license fees prepaid by Customer for the future portion of the Term that would have remained but for such termination. THIS SECTION 10.6 SETS FORTH THE CUSTOMER'S SOLE REMEDY AND INDIGITAL'S ENTIRE OBLIGATION AND LIABILITY FOR ANY BREACH OF ANY INDIGITAL WARRANTY OF THE SOFTWARE SET FORTH IN THE AGREEMENT.  

10.7. DISCLAIMER OF WARRANTIES. EXCEPT FOR THE EXPRESS LIMITED WARRANTY SET FORTH IN SECTION 10.2 OF THESE TERMS, ALL SOFTWARE, DOCUMENTATION AND OTHER PRODUCTS, INFORMATION, MATERIALS AND SERVICES PROVIDED BY INDIGITAL ARE PROVIDED "AS IS." INDIGITAL HEREBY DISCLAIMS ALL WARRANTIES, WHETHER EXPRESS, IMPLIED, STATUTORY OR OTHER (INCLUDING ALL WARRANTIES ARISING FROM COURSE OF DEALING, USAGE OR TRADE PRACTICE), AND SPECIFICALLY DISCLAIMS ALL IMPLIED

WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NON-INFRINGEMENT. WITHOUT LIMITING THE FOREGOING, INdigital MAKES NO WARRANTY OF ANY KIND THAT THE SOFTWARE OR DOCUMENTATION, OR ANY OTHER INdigital OR THIRD-PARTY GOODS, SERVICES, TECHNOLOGIES OR MATERIALS (INCLUDING ANY SOFTWARE OR HARDWARE), OR ANY PRODUCTS OR RESULTS OF THE USE OF ANY OF THEM, WILL MEET CUSTOMER'S OR OTHER PERSONS' REQUIREMENTS, OPERATE WITHOUT INTERRUPTION, ACHIEVE ANY INTENDED RESULT, BE COMPATIBLE OR WORK WITH ANY OTHER GOODS, SERVICES, TECHNOLOGIES OR MATERIALS (INCLUDING ANY SOFTWARE, HARDWARE, SYSTEM OR NETWORK), OR BE SECURE, ACCURATE, COMPLETE, FREE OF HARMFUL CODE OR ERROR FREE. ALL THIRD-PARTY MATERIALS ARE PROVIDED “AS IS” AND ANY REPRESENTATION OR WARRANTY OF OR CONCERNING ANY OF THEM IS STRICTLY BETWEEN CUSTOMER AND THE THIRD-PARTY OWNER OR DISTRIBUTOR OF SUCH OPEN-THIRD-PARTY MATERIALS.

11. INDEMNIFICATION.

11.1. INdigital Indemnification. INdigital shall indemnify, defend and hold harmless Customer from and against any and all Losses incurred by Customer arising out of or relating to any Action by a third party (other than an Affiliate) to the extent that such Losses arise from any allegation in such Action that the Software, or any use of the Software, in the Territory in accordance with the Agreement (including these Terms) (including the Documentation) infringes any U.S. Intellectual Property Right in the U.S. The foregoing obligation does not apply to the extent that such Action or Losses arise from any allegation of or relating to any:

(a) Third-Party Materials;
(b) patent issued on a patent application published after the Effective Date;
(c) incorporation by the Software of, or combination, operation or use of the Software in or with, any technology (including any software, hardware, firmware, system or network) or service not provided by INdigital or specified for Customer’s use in the Documentation, unless otherwise expressly permitted by INdigital in writing;
(d) modification of the Software other than:
(i) by INdigital or its authorized contractor in connection with the Agreement (including these Terms); or (ii) with INdigital’s express written authorization and in strict accordance with INdigital’s written directions and specifications;
(e) failure to timely implement any Maintenance Release, modification, update or replacement of the Software made available to Customer by INdigital;
(f) use of the Software after INdigital’s notice to Customer of such activity’s alleged or actual infringement, misappropriation or other violation of a third party’s rights;
(g) negligence, abuse, misapplication or misuse of the Software or Documentation by or on behalf of Customer, Customer’s Representatives or a third party;
(h) use of the Software or Documentation by or on behalf of Customer that is outside the purpose, scope or manner of use authorized by the Agreement (including these Terms) or in any manner contrary to INdigital’s instructions;
(i) events or circumstances outside of INdigital’s commercially reasonable control (including any third-party hardware, software or system bugs, defects or malfunctions); or
(j) Action or Losses for which Customer is obligated to indemnify INdigital pursuant to Section 11.2 of these Terms.

11.2. Customer Indemnification. Customer shall indemnify, defend and hold harmless INdigital and its Affiliates, officers, directors, employees, agents, subcontractors, successors and assigns (each, including INdigital, an “INdigital Indemnitee”) from and against any and all Losses incurred by the INdigital Indemnitee in connection with any Action by a third party (other than an Affiliate of a INdigital Indemnitee) to the extent that such Losses arise out of or relate to any allegation:

(a) that any Intellectual Property Right or other right of any Person, or any Law, is or will be infringed, misappropriated or otherwise violated by any:
(i) use or combination of the Software by or on behalf of Customer or any of its Representatives with any hardware, software, system, network, service or other matter whatsoever that is neither provided by INdigital nor authorized by INdigital in the Agreement (including these Terms) and

the Documentation or otherwise in writing; and

(ii). information, materials or technology or other matter whatsoever directly or indirectly provided by Customer
or directed by Customer to be installed, combined, integrated or used with, as part of,
or in connection with the Software or Documentation;

(b) of or relating to facts that, if true, would constitute a breach by Customer of any
representation, warranty, covenant or obligation under the Agreement (including these Terms);

(c) of or relating to negligence, abuse, misapplication, misuse or more culpable act or
omission (including recklessness or willful misconduct) by or on behalf of Customer or any
of its Representatives with respect to the Software or Documentation or otherwise in connection with
the Agreement (including these Terms); or

(d) of or relating to use of the Software or Documentation by or on behalf of Customer or
any of its Representatives that is outside the purpose, scope or manner of use authorized by the
Agreement (including these Terms) or the Documentation, or in any manner contrary to
InDigital’s instructions.

11.3. Indemnification Procedure. Each Party shall promptly notify the other Party in writing of any
Action for which such Party believes it is entitled to be indemnified pursuant to Section 11.1 or Section 11.2
of these Terms. The Party seeking indemnification (the “Indemnitee”) shall cooperate with the other
Party (the “Indemnitor”) at the Indemnitor’s sole cost and expense. The Indemnitor shall immediately take
control of the defense and investigation of such Action and shall employ counsel reasonably acceptable to the
Indemnitee to handle and defend the same, at the Indemnitor’s sole cost and expense. The Indemnitee’s
failure to perform any obligations under this Section 11 will not relieve the Indemnitor of its obligations
under this Section 11 except to the extent that the Indemnitor can demonstrate that it has been materially
prejudiced as a result of such failure. The Indemnitee may participate in and observe the proceedings at its
own cost and expense with counsel of its own choosing.

11.4. Mitigation. If the Software, or any part of the Software, is, or in InDigital’s opinion is likely to be, claimed to infringe, misappropriate or otherwise violate any third-party Intellectual Property Right, or if Customer’s use of the Software is enjoined or
threatened to be enjoined, InDigital may, at its option and sole cost and expense:

(a) obtain the right for Customer to continue to use the Software materially as contemplated by
the Agreement (including these Terms);

(b) modify or replace the Software, in whole or in part, to seek to make the Software non-
infringing, while providing materially equivalent features and functionality, and such modified or
replacement software will constitute Software under the Agreement (including these Terms); or

(c) if none of the remedies set forth in the above Section 11.4(a) or Section 11.4(b) of these
Terms is reasonably available to InDigital, terminate the Agreement, in its entirety or with
respect to the affected part or feature of the Software, effective immediately on written notice
to Customer, in which event:

(i). immediately on receipt of InDigital’s notice, Customer shall cease all
use of the Software and Documentation immediately on receipt of Customer’s
notice; and

(ii). provided that Customer fully complies with its post-termination obligations set forth in Section 9.4 of these
Terms, InDigital shall promptly refund to Customer, on a pro rata basis, the share of
any license fees prepaid by Customer for the future portion of the Term that would have
remained but for such termination.

11.5. Sole Remedy. THIS SECTION 11 SETS FORTH CUSTOMER’S SOLE REMEDIES
AND INDIGITAL’S SOLE LIABILITY AND OBLIGATION FOR ANY ACTUAL,
THREATENED OR ALLEGED CLAIMS THAT
THE AGREEMENT (INCLUDING THESE TERMS) OR ANY SUBJECT MATTER OF THE
AGREEMENT (INCLUDING THE SOFTWARE AND DOCUMENTATION) INFRINGES,
MISAPPROPRIATES OR OTHERWISE VIOLATES ANY INTELLECTUAL PROPERTY
RIGHTS OF ANY THIRD PARTY.

12. LIMITATION OF LIABILITY.

12.1. EXCLUSION OF DAMAGES. IN NO EVENT WILL INDIGITAL OR ANY OF ITS
LICENSORS, SERVICE PROVIDERS OR
SUPPLIERS BE LIABLE UNDER OR IN
CONNECTION WITH THE AGREEMENT
(INCLUDING THESE TERMS) OR ITS SUBJECT
MATTER UNDER ANY LEGAL OR EQUITABLE
THEORY, INCLUDING BREACH OF CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY AND OTHERWISE, FOR ANY (a) INCREASED COSTS, DIMINUTION IN VALUE OR LOST BUSINESS, PRODUCTION, REVENUES OR PROFITS, (b) LOSS OF GOODWILL OR REPUTATION, (c) USE, INABILITY TO USE, LOSS, INTERRUPTION, DELAY OR RECOVERY OF ANY SOFTWARE OR THIRD-PARTY MATERIALS, (d) LOSS, DAMAGE, CORRUPTION OR RECOVERY OF DATA, OR BREACH OF DATA OR SYSTEM SECURITY, (e) COST OF REPLACEMENT GOODS OR SERVICES, OR (f) CONSEQUENTIAL, INCIDENTAL, INDIRECT, EXEMPLARY, SPECIAL, ENHANCED OR PUNITIVE DAMAGES, IN EACH CASE REGARDLESS OF WHETHER SUCH PERSONS WERE ADVISED OF THE POSSIBILITY OF SUCH LOSSES OR DAMAGES OR SUCH LOSSES OR DAMAGES WERE OTHERWISE FORESEEABLE, AND NOTWITHSTANDING THE FAILURE OF ANY AGREED OR OTHER REMEDY OF ITS ESSENTIAL PURPOSE.

12.2. CAP ON MONETARY LIABILITY. IN NO EVENT WILL THE AGGREGATE LIABILITY OF INDigital AND ITS LICENSORS, SUPPLIERS AND SERVICE PROVIDERS ARISING OUT OF OR RELATED TO THE AGREEMENT (INCLUDING THESE TERMS), WHETHER ARISING UNDER OR RELATED TO BREACH OF CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY OR ANY OTHER LEGAL OR EQUITABLE THEORY, EXCEED THE TOTAL AMOUNTS PAID TO INDigital UNDER THE AGREEMENT IN THE 12-MONTH PERIOD PRECEDING THE EVENT GIVING RISE TO THE CLAIM. THE FOREGOING LIMITATIONS APPLY EVEN IF ANY REMEDY FAILS OF ITS ESSENTIAL PURPOSE.

13. EXPORT REGULATION. Customer shall not itself, or permit any other Person to, export, re-export or release, directly or indirectly any Controlled Technology to any country, jurisdiction or Person to which the export, re-export or release of Controlled Technology (a) is prohibited by applicable Law or (b) without first completing all required undertakings (including obtaining any necessary export license).

14. FORCE MAJEURE.

14.1. No Breach or Default. In no event will INdigital be liable or responsible to Customer, or be deemed to have defaulted under or breached the Agreement (including these Terms), for any failure or delay in fulfilling or performing any term of the Agreement (including these Terms), when and to the extent such failure or delay is caused by any circumstances beyond INdigital's reasonable control (a "Force Majeure Event"), including acts of God, flood, fire, earthquake or explosion, war, terrorism, invasion, riot or other civil unrest, embargoes or blockades in effect on or after the date of the Agreement, national or regional emergency, strikes, labor stoppages or slowdowns or other industrial disturbances, passage of Law or any action taken by a governmental or public authority, including imposing an export or import restriction, quota or other restriction or prohibition or any complete or partial government shutdown, or national or regional shortage of adequate power or telecommunications or transportation. Either Party may terminate the Agreement if a Force Majeure Event continues substantially uninterrupted for a period of 90 days or more.

14.2. Obligations. In the event of any failure or delay caused by a Force Majeure Event, INdigital shall give prompt written notice to Customer stating the period of time the occurrence is expected to continue and use commercially reasonable efforts to end the failure or delay and minimize the effects of such Force Majeure Event.

15. MISCELLANEOUS.

15.1. Further Assurances. On a Party's reasonable request, the other Party shall, at the requesting Party's sole cost and expense, execute and deliver all such documents and instruments, and take all such further actions, as may be necessary to give full effect to the Agreement.

15.2. Relationship of the Parties. The relationship between the Parties is that of independent contractors. Nothing contained in the Agreement (including these Terms) shall be construed as creating any agency, partnership, joint venture or other form of joint enterprise, employment or fiduciary relationship between the Parties, and neither Party shall have authority to contract for or bind the other Party in any manner whatsoever.

15.3. Notices. Except as otherwise expressly set forth in the Agreement, any notice, request, consent, claim, demand, waiver or other communication under the Agreement will have legal effect only if in writing and addressed to a Party at its address or e-mail designated in the Agreement. Notices sent in accordance with this Section 15.3 will be deemed effectively given: (i) when received, if delivered by hand, with signed confirmation of receipt; (ii) when received, if sent by a nationally

15.4. **Interpretation.** For purposes of the Agreement (including these Terms): (i) the words “include,” “includes” and “including” are deemed to be followed by the words “without limitation”; (ii) the word “or” is not exclusive; (iii) the words “herein,” “hereof,” “hereby,” “thereto” and “hereunder” refer to the Agreement as a whole (including these Terms); (iv) words denoting the singular have a comparable meaning when used in the plural, and vice versa; and (v) words denoting any gender include all genders. Unless the context otherwise requires, references in the Agreement (including these Terms): (x) to exhibits, exhibits, attachments and appendices mean the exhibits, exhibits, attachments and appendices attached to, the Agreement (including these Terms); (y) to an agreement, instrument or other document means such agreement, instrument or other document as amended, supplemented and modified from time to time to the extent permitted by the provisions thereof; and (z) to a statute means such statute as amended from time to time and includes any successor legislation thereto and any regulations promulgated thereunder. EXHIBIT C
Software / Services Description

1. **GIS and Database Services.** Location Database services for the PSAP. Repository for ALI. Legacy wireline records in the Union County, IL service area will be processed by iNdigital using industry standard record exchange and correction methods. i2 format ALI service (wireless, VoIP - using pANi) will be provided by iNdigital, once complete all records will be geocoded using industry defined methods for location-based call routing. iNdigital will utilize an advanced IP Selective Router (IPSR) and associated 13 functional elements associated with geodetic data to deliver calls to the CSI Next Gen enabled 9-1-1 public safety answering points (PSAPs). Once iNdigital has the appropriate data, iNdigital will develop the call delivery solution based upon the geography of an incoming call.

2. **Routing Services.** Routing services and methodologies include; traditional Selective Routing tables, Dialed Number Identification Service, Geographic Information System, as well as various hybrid configurations of Automatic Location Identification and Selective Routing tables. iNdigital also supports location by value, location by reference, traditional ALI lookup, and ALI steering by use of our NGALI Service.

3. **Network Services.** iNdigital will provide access for all CSI members with access to the www.il911.net PSAP Toolkit. This Toolkit contains comprehensive KPI such as call detail reports, trouble ticket management, 24/7/365 Network Operations center with chat, ticket entry/tracking, training, and documentation assets related to each specific member's call processing and reporting needs.

4. **MEVO Services.** MEVO Services are delivered from a completely independent call processing system that operates in parallel to the iNdigital Next Gen Core Service (NGCS) routing platform, which can bypass the primary 9-1-1 CPE. The MEVO System facilitates iNdigital's ability to re-route 9-1-1 calls from a primary 9-1-1/NG9-1-1 CPE platform to a MEVO Station, which is an advanced IP phone with the ability to process 9-1-1 and Administrative calls. As a core component of this solution, iNdigital will install a commodity Internet connection to each CSI PSAP for backup call delivery to MEVO Stations. (1) MEVO Station is included as part of this original contract between CSI and iNdigital, any county that is interested in contracting additional MEVO Stations can do so by contacting iNdigital to negotiate service, installation and configuration of each additional phone.

5. **Call Delivery Network.** "iNdigital has agreed to take over as the 9-1-1 System Service Provider (SSP) to each member of the Counties of Southern Illinois (CSI). iNdigital will install (1) carrier grade IP circuit to each CSI Solacom host controller site (Jackson and Saline Counties) to deliver 9-1-1 services to the members of CSI which are connected to a regional ESInet operated by a separate CPE service provider. iNdigital will deliver 9-1-1 services to gateway devices with final call delivery to Solacom IWS, being the responsibility of the current 9-1-1 CPE system provider. Backup connections being delivered individually to each PSAP as outlined above in item 4 – MEVO Services. In the event that CSI is dissolved, or if (contracting county) is no longer a party to CSI, 9-1-1 calls would be rerouted so as not to go through the CSI Solacom host controller."

6. **Transfers.** In the event a CSI PSAP requires the use of selective transfer functions, the Host 911 System sends the call with the proper agency identified in the PIDF-LO + Service URN to the iNdigital ESInet based ESRP. The ESRP then queries the ECRF with LoST and receives Service URI for delivery to next hop location such as another ESRP or Responder Agency.

7. **Backup and Overflow Call Routing.** Backup and Overflow call routing to be determined during final (post contract) engineering meetings.

5.5. Return; Destruction. Confidential Information will remain the property of the Disclosing Party and will, at the Disclosing Party's request and after it is no longer needed for the purposes of the Agreement (including these Terms) or upon expiration or termination of the Agreement (including these Terms) for any reason, whichever occurs first, promptly be returned to the Disclosing Party or be destroyed, together with all copies made by the Receiving Party and by anyone to whom such Confidential Information has been made available by the Receiving Party in accordance with the provisions of this section.

6.1. License Fees. In consideration of the rights granted to Customer under the Agreement (including these Terms), Customer shall pay to iNdigital the license fees set forth in Exhibit D (attached to, and incorporated by reference into, the Agreement) in accordance with that exhibit and the terms of this Section 7. If the Term is renewed for any Renewal Term(s) pursuant to Section 8.2 of these Terms, Customer shall pay the then-current standard license fees that iNdigital charges for the Software during the applicable Renewal Term.

6.2. Additional Fees and Expenses. In consideration of iNdigital providing installation, support and maintenance, training, and other ancillary services under the Agreement (including these Terms), Customer shall pay to iNdigital the fees set forth in Exhibit D attached to, and incorporated by reference into, the Agreement.

6.3. Taxes. All license fees and other amounts payable by Customer under the Agreement (including these Terms) are exclusive of taxes and similar assessments. Without limiting the foregoing, Customer is responsible for all sales, service, use and excise taxes, and any other similar taxes, duties and charges of any kind imposed by any federal, state or local governmental or regulatory authority on any amounts payable by Customer under the Agreement, other than any taxes imposed on iNdigital's income.

6.4. Payment Obligation. The Third-Party Payor shall be solely responsible for the payment of those items which are listed on Exhibit D with an asterisk (*) symbol together with any other cost which is, from time to time, required by Illinois State law. Customer shall be responsible for other costs specified by this contract.

6.5. Payment. Customer shall pay all amounts due and owing under the Agreement (including these Terms) within thirty 30 days after the date of iNdigital's invoice therefor. Customer shall make all payments

under the Agreement in US dollars by wire transfer or check to the address or account specified in Exhibit D attached to, and incorporated by reference into, the Agreement or such other address or account as INdigital may specify in writing from time to time. Notwithstanding the foregoing, Customer shall not be responsible for amounts billed directly to the Illinois State Police 9-1-1 Administrative Support Command.

6.6. Late Payment by Customer. If Customer fails to make any payment, for which it is responsible, when due then, in addition to all other remedies that may be available to INdigital:

(a) INdigital may charge interest on the past due amount at the rate of 1.5% per month calculated daily and compounded monthly or, if lower, the highest rate permitted under applicable Law;

(b) Customer shall reimburse INdigital for all reasonable costs incurred by INdigital in collecting any late payment of amounts due or related interest, including attorneys’ fees, court costs and collection agency fees. Notwithstanding the foregoing, Customer shall not be responsible for amounts billed directly to the Illinois State Police 9-1-1 Administrative Support Command; and

(c) if such failure continues for thirty (30) days following written notice thereof, INdigital may, following a further six (6) month notice: (i) disable Customer’s use of the Software (including by means of a disabling code, technology or device); (ii) withhold, suspend or revoke its grant of a license and/or sublicense under the Agreement; and/or (iii) terminate the Agreement (including these Terms) under Section 9.3(a) or Section 9.3(b) of these Terms, as applicable. INdigital shall cooperate with Customer and Customer’s selected subsequent provider to facilitate an orderly transition.

6.8. No Deductions or Setoffs. All undisputed amounts payable to INdigital under the Agreement (including these Terms) by Customer shall be paid by Customer to INdigital in full without any setoff, recoupment, counterclaim, deduction, debit or withholding for any reason (other than any deduction or withholding of tax as may be required by applicable Law). Disputed amounts may be withheld until the associated dispute is resolved.

7. SECURITY MEASURES. The Software may contain technological measures designed to prevent unauthorized or illegal use of the Software. Customer acknowledges and agrees that: (a) INdigital may use these and other lawful measures to verify Customer’s compliance with the terms of the Agreement (including these Terms) and enforce INdigital’s rights, including all Intellectual Property Rights, in and to the Software; (b) INdigital may deny any individual access to and/or use of the Software if INdigital, in its sole reasonable discretion, believes that Person’s use of the Software would violate any provision of the Agreement (including these Terms); and (c) INdigital and its Representatives may collect, maintain, process and use diagnostic, technical, usage and related information, including information about Customer’s computers, systems and software, that INdigital may gather periodically to improve the performance of the Software or develop Maintenance Releases. This information will be treated in accordance with INdigital’s privacy policy, as amended from time to time.

8. INTELLECTUAL PROPERTY RIGHTS.

8.1. Intellectual Property Ownership. Customer acknowledges and agrees that:

(a) the Software and Documentation are licensed or sublicensed and not sold to Customer by INdigital and Customer does not and will not have or acquire under or in connection with the Agreement (including these Terms) any ownership interest in the Software or Documentation, or in any related Intellectual Property Rights;

(b) INdigital and its licensor(s) are and will remain the sole and exclusive owners of all right, title and interest in and to the Software and Documentation, including all Intellectual Property Rights relating thereto, subject only to the limited license granted to Customer under the Agreement; and

(9-1-1 SERVICES AND SOFTWARE LICENSE)

(c) Customer hereby unconditionally and irrevocably assigns to INdigital or INdigital’s designee, Customer’s entire right, title and interest in and to any Intellectual Property Rights that Customer may now or hereafter have in or relating to the Software or Documentation (including any rights in derivative works or patent improvements relating to either of them), whether held or acquired by operation of law, contract, assignment or otherwise.

8.2. Customer Cooperation and Notice of Infringement. Customer shall, during the Term:

(a) take all reasonable measures to safeguard the Software and Documentation (including all copies thereof) from infringement, misappropriation, theft, misuse or unauthorized access;

(b) at INdigital’s expense, take all such steps as INdigital may reasonably require to assist INdigital in maintaining the validity, enforceability and INdigital’s ownership of the Intellectual Property Rights in the Software and Documentation;

(c) promptly notify INdigital in writing if Customer becomes aware of:

(i). any actual or suspected infringement, misappropriation or other violation of INdigital’s Intellectual Property Rights in or relating to the Software or Documentation; or

(ii). any claim that the Software or Documentation, including any production, use, marketing, sale or other disposition of the Software or Documentation, in whole or in part, infringes, misappropriates or otherwise violates the Intellectual Property Rights or other rights of any Person; and

(d) at INdigital’s expense, fully cooperate with and assist INdigital in all reasonable ways in the conduct of any claim, suit, action or proceeding (each, an “Action”) by INdigital to prevent or abate any actual or threatened infringement, misappropriation or violation of INdigital’s rights in, and to attempt to resolve any claims relating to, the Software or Documentation.

8.3. No Implied Rights. Except for the limited rights and licenses expressly granted under the Agreement, nothing in the Agreement (including these Terms) grants, by implication, waiver, estoppel or otherwise, to Customer or any third party any Intellectual Property Rights or other right, title, or interest in or to any of the Software or Documentation.

9. TERM AND TERMINATION.

9.1. Initial Term. Subject to the Third Party Payor’s approval of the modification plan as required IL Ad. Code Title 83, Ch. IV, Part 1325, the initial term of the Agreement commences as of the Effective Date and will continue in effect until such time as specified in Section 11 of the Agreement, unless terminated earlier pursuant to any of the Agreement’s express provisions (the “Initial Term”).

9.2. Renewal Term. The Agreement will automatically renew for additional successive terms specified in Section 11 of the Agreement unless earlier terminated pursuant to any of the Agreement’s express provisions or either Party gives the other Party written notice of non-renewal at least ninety (90) days prior to the expiration of the then-current term (each, a “Renewal Term” and, collectively, together with the Initial Term, the “Term”).

9.3. Termination. The Agreement may be terminated at any time:

(a) by INdigital, effective on written notice to Customer, if Customer fails to pay any amount for which it is responsible when due under the Agreement (including these Terms), where such failure continues more than thirty (30) days after INdigital’s delivery of written notice thereof (“Payment Failure”);

(b) by INdigital, on written notice to Customer if any two or more Payment Failures occur in any 12-month period;

(c) by either Party, effective on written notice to the other Party, if the other Party materially breaches the Agreement (including these Terms) and such breach: (i) is incapable of cure; or (ii) being capable of cure, remains uncured thirty (30) days after the non-breaching Party provides the breaching Party with written notice of such breach (except in the case of a Payment Failure, which shall be governed by Section 9.3(a) of these Terms);

(d) by INdigital, if the Customer: (i) is dissolved or liquidated or takes any corporate action for such purpose; (ii) becomes insolvent or is generally unable to pay its debts as they become due; (iii) becomes the subject of any voluntary or involuntary bankruptcy proceeding under any domestic or foreign bankruptcy or insolvency Law; (iv) makes or seeks to make a general assignment for the benefit of its creditors; or (v)
applies for, or consents to, the appointment of a trustee, receiver or custodian for a substantial part of its property;

(e) by iNdigital, upon notice to Customer, if Customer is in breach of any other agreement between the Parties and such breach is not cured pursuant to the terms of such agreement.

(f) In the event the Agreement is terminated under this Section 9.3, iNdigital shall cooperate with Customer and Customer's selected subsequent provider for the following 6 months from written notice of said termination for purpose of transitioning emergency telephone services.

9.4. Materiality. iNdigital's failure to comply with paragraph 4.2(i) shall be a material breach.

9.5. Effect of Termination or Expiration. On the expiration or earlier termination of the Agreement:

(a) all rights, licenses and authorizations granted to Customer under the Agreement will immediately terminate and Customer shall:

(i). immediately cease all use of and other activities with respect to the Software and Documentation other than those described in Section 9.4(a)(ii) of these Terms;

(ii). within sixty (60) days deliver to iNdigital, or at iNdigital's written request destroy, and permanently erase from all devices and systems Customer directly or indirectly controls, the Software, the Documentation and iNdigital's Confidential Information, including all documents, files and tangible materials (and any partial and complete copies) containing, reflecting, incorporating or based on any of the foregoing, whether or not modified or merged into other materials;

(iii). certify to iNdigital in a signed written instrument that it has complied with the requirements of this Section 9.4; and

(b) all amounts payable by Customer to iNdigital of any kind under the Agreement (including these Terms) are immediately payable and due no later than thirty (30) days after the effective date of the expiration or iNdigital's termination of the Agreement.

9.6. Surviving Terms. The provisions set forth in the following sections, and any other right, obligation or provision under the Agreement (including these Terms) that, by its nature, should survive termination or expiration of the Agreement (including these Terms), will survive any expiration or termination of the Agreement: this Section 9.5 of these Terms, Section 1 of these Terms (Definitions), Section 2 of these Terms (Confidentiality), Section 8 of these Terms (Intellectual Property Rights), Section 10 of these Terms (Representations and Warranties), for clarity, including Section 10.7 of these Terms (Disclaimer), Section 11 of these Terms (Indemnification), Section 12 of these Terms (Limitations of Liability), and Section 15 of these Terms (Miscellaneous).

10. REPRESENTATIONS AND WARRANTIES.

10.1. Mutual Representations and Warranties. Each Party represents, warrants and covenants to the other Party that:

(a) it has the full right, power and authority to enter into and perform its obligations and grant the rights, licenses and authorizations it grants and is required to grant under the Agreement (including these Terms);

(b) the execution of the Agreement by its representative whose signature is set forth at the end of the Agreement has been duly authorized by all necessary action of such Party; and

(c) when executed and delivered by both Parties, the Agreement (including these Terms) will constitute the legal, valid and binding obligation of such Party, enforceable against such Party in accordance with its terms.

10.2. Limited Warranty. Subject to the limitations and conditions set forth in Section 10.3 of these Terms and Section 10.4 of these Terms, iNdigital warrants to Customer that for a period of 365 days from the Effective Date (the "Warranty Period"), the Software will substantially conform in all material respects to the specifications set forth in the Documentation, when installed, operated and used as recommended in the Documentation and in accordance with the Agreement (including these Terms).

10.3. Customer Requirements. The limited warranty set forth in Section 10.2 of these Terms applies only if Customer: (a) notifies iNdigital in writing of the warranty breach before the expiration of the Warranty Period; (b) has promptly installed all Maintenance Releases to the Software that iNdigital previously made available to Customer; and (c) as of the date of notification, is in compliance with all terms and conditions of the Agreement (including these Terms) (including the payment of all license fees then

10.4. Exceptions. Notwithstanding any provisions to the contrary in the Agreement (including these Terms), the limited warranty set forth in Section 10.2 of these Terms does not apply to problems arising out of or relating to:

(a) Software, or the media on which it is provided, that is modified or damaged by Customer or its Representatives;

(b) any operation or use of, or other activity relating to, the Software other than as specified in the Documentation, including any incorporation in the Software of, or combination, operation or use of the Software in or with, any technology (including any software, hardware, firmware, system or network) or service not specified for Customer’s use in the Documentation, unless otherwise expressly permitted by INdigital in writing;

(c) Customer’s or any third party’s negligence, abuse, misapplication or misuse of the Software, including any use of the Software other than as specified in the Documentation or expressly authorized by INdigital in writing;

(d) Customer’s failure to promptly install all Maintenance Releases that INdigital has previously made available to Customer;

(e) the operation of, or access to, Customer’s or a third party’s system or network;

(f) any beta software, software that INdigital makes available for testing or demonstration purposes, temporary software modules or software for which INdigital does not receive a license fee;

(g) Customer’s material breach of any provision of the Agreement (including these Terms);

(h) any other circumstances or causes outside of the reasonable control of INdigital (including abnormal physical or electrical stress); or

(i) any failure or interruption of any electrical power, or any accident or cause external to the Software, including, but not limited to, problems or malfunctions related to Customer’s network, database, third party software products, workstation configurations, Customer’s hardware, operator error, or Customer’s negligence or willful misconduct.

10.5. Remedial Efforts. If INdigital breaches, or is alleged to have breached, the limited warranty set forth in Section 10.2 of these Terms, INdigital may, at its sole option and expense, take any of the following steps to remedy such breach:

(a) replace any damaged or defective media on which INdigital supplied the Software;

(b) amend, supplement or replace any incomplete or inaccurate Documentation;

(c) repair the Software;

(d) replace the Software with functionally equivalent software (which software will, on its replacement of the Software, constitute Software); and/or

(e) terminate the Agreement and, provided that Customer fully complies with all of its post-termination obligations as set forth in Section 9.4 of these Terms, promptly refund to Customer, on a pro rata basis, the share of any license fees prepaid by Customer for the future portion of the Term that would have remained but for such termination.

10.6. Sole Remedy. If INdigital does not cure a warranty breach or terminate the Agreement as provided in Section 10.5 of these Terms within a reasonable period of time after INdigital’s receipt of written notice of such breach, Customer shall have the right to terminate the Agreement as provided in Section 9.3(c) of these Terms. Provided that Customer fully complies with its post-termination obligations as set forth in Section 9.4 of these Terms, INdigital shall promptly refund to Customer, on a pro rata basis, the share of any license fees prepaid by Customer for the future portion of the Term that would have remained but for such termination. THIS SECTION 10.6 SETS FORTH THE CUSTOMER’S SOLE REMEDY AND INDIGITAL’S ENTIRE OBLIGATION AND LIABILITY FOR ANY BREACH OF ANY INDIGITAL WARRANTY OF THE SOFTWARE SET FORTH IN THE AGREEMENT.

10.7. DISCLAIMER OF WARRANTIES. EXCEPT FOR THE EXPRESS LIMITED WARRANTY SET FORTH IN SECTION 10.2 OF THESE TERMS, ALL SOFTWARE, DOCUMENTATION AND OTHER PRODUCTS, INFORMATION, MATERIALS AND SERVICES PROVIDED BY INDIGITAL ARE PROVIDED "AS IS". INDIGITAL HEREBY DISCLAIMS ALL WARRANTIES, WHETHER EXPRESS, IMPLIED, STATUTORY OR OTHER (INCLUDING ALL WARRANTIES ARISING FROM COURSE OF DEALING, USAGE OR TRADE PRACTICE), AND SPECIFICALLY DISCLAIMS ALL IMPLIED

WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NON-INFRINGEMENT. WITHOUT LIMITING THE FOREGOING, INDigital MAKES NO WARRANTY OF ANY KIND THAT THE SOFTWARE OR DOCUMENTATION, OR ANY OTHER INDigital OR THIRD-PARTY GOODS, SERVICES, TECHNOLOGIES OR MATERIALS (INCLUDING ANY SOFTWARE OR HARDWARE), OR ANY PRODUCTS OR RESULTS OF THE USE OF ANY OF THEM, WILL MEET CUSTOMER'S OR OTHER PERSONS' REQUIREMENTS, OPERATE WITHOUT INTERRUPTION, ACHIEVE ANY INTENDED RESULT, BE COMPATIBLE OR WORK WITH ANY OTHER GOODS, SERVICES, TECHNOLOGIES OR MATERIALS (INCLUDING ANY SOFTWARE, HARDWARE, SYSTEM OR NETWORK), OR BE SECURE, ACCURATE, COMPLETE, FREE OF HARMFUL CODE OR ERROR FREE. ALL THIRD-PARTY MATERIALS ARE PROVIDED "AS IS" AND ANY REPRESENTATION OR WARRANTY OF OR CONCERNING ANY OF THEM IS STRICTLY BETWEEN CUSTOMER AND THE THIRD-PARTY OWNER OR DISTRIBUTOR OF SUCH OPEN-THIRD-PARTY MATERIALS.

11. INDEMNIFICATION.

11.1. INDigital Indemnification. INDigital shall indemnify, defend and hold harmless Customer from and against any and all Losses incurred by Customer arising out of or relating to any Action by a third party (other than an Affiliate) to the extent that such Losses arise from any allegation in such Action that the Software, or any use of the Software, in the Territory in accordance with the Agreement (including these Terms) (including the Documentation) infringes any U.S. Intellectual Property Right in the U.S. The foregoing obligation does not apply to the extent that such Action or Losses arise from any allegation of or relating to any:

(a) Third-Party Materials;
(b) patent issued on a patent application published after the Effective Date;
(c) incorporation by the Software of, or combination, operation or use of the Software in or with, any technology (including any software, hardware, firmware, system or network) or service not provided by INDigital or specified for Customer's use in the Documentation, unless otherwise expressly permitted by INDigital in writing;
(d) modification of the Software other than:
(i) by INDigital or its authorized contractor in connection with the Agreement (including these Terms); or (ii) with INDigital's express written authorization and in strict accordance with INDigital's written directions and specifications;
(e) failure to timely implement any Maintenance Release, modification, update or replacement of the Software made available to Customer by INDigital;
(f) use of the Software after INDigital's notice to Customer of such activity's alleged or actual infringement, misappropriation or other violation of a third party's rights;
(g) negligence, abuse, misapplication or misuse of the Software or Documentation by or on behalf of Customer, Customer's Representatives or a third party;
(h) use of the Software or Documentation by or on behalf of Customer that is outside the purpose, scope or manner of use authorized by the Agreement (including these Terms) or in any manner contrary to INDigital's instructions;
(i) events or circumstances outside of INDigital's commercially reasonable control (including any third-party hardware, software or system bugs, defects or malfunctions); or
(j) Action or Losses for which Customer is obligated to indemnify INDigital pursuant to Section 11.2 of these Terms.

11.2. Customer Indemnification. Customer shall indemnify, defend and hold harmless INDigital and its Affiliates, officers, directors, employees, agents, subcontractors, successors and assigns (each, including INDigital, an “INDigital Indemnitee”) from and against any and all Losses incurred by INDigital Indemnitee in connection with any Action by a third party (other than an Affiliate of an INDigital Indemnitee) to the extent that such Losses arise out of or relate to any allegation:

(a) that any Intellectual Property Right or other right of any Person, or any Law, is or will be infringed, misappropriated or otherwise violated by any:

(i) use or combination of the Software by or on behalf of Customer or any of its Representatives with any hardware, software, system, network, service or other matter whatsoever that is neither provided by INDigital nor authorized by INDigital in the Agreement (including these Terms) and

the Documentation or otherwise in writing; and

(ii). information, materials or technology or other matter whatsoever
directly or indirectly provided by Customer or
directed by Customer to be installed,
combined, integrated or used with, as part of,
or in connection with the Software or
Documentation;

(b) of or relating to facts that, if true, would
constitute a breach by Customer of any
representation, warranty, covenant or obligation
under the Agreement (including these Terms);

(c) of or relating to negligence, abuse,
misapplication, misuse or more culpable act or
omission (including recklessness or willful
misconduct) by or on behalf of Customer or any
of its Representatives with respect to the Software
or Documentation or otherwise in connection with
the Agreement (including these Terms); or

(d) of or relating to use of the Software or
Documentation by or on behalf of Customer or
any of its Representatives that is outside the
purpose, scope or manner of use authorized by
the Agreement (including these Terms) or the
Documentation, or in any manner contrary to
INDigital’s instructions.

11.3. Indemnification Procedure. Each Party
shall promptly notify the other Party in writing of any
Action for which such Party believes it is entitled to be
indemnified pursuant to Section 11.1 or Section 11.2
of these Terms. The Party seeking indemnification
(the “Indemnitee”) shall cooperate with the other
Party (the “Indemnitor”) at the Indemnitee’s sole cost
and expense. The Indemnitor shall immediately take
control of the defense and investigation of such Action
and shall employ counsel reasonably acceptable to the
Indemnitee to handle and defend the same, at the
Indemnitor’s sole cost and expense. The Indemnitee’s
failure to perform any obligations under this Section
11 will not relieve the Indemnitor of its obligations
under this Section 11 except to the extent that the
Indemnitor can demonstrate that it has been materially
prejudiced as a result of such failure. The Indemnitee
may participate in and observe the proceedings at its
own cost and expense with counsel of its own
choosing.

11.4. Mitigation. If the Software, or any part
of the Software, is, or in INDigital’s opinion is likely
to be, claimed to infringe, misappropriate or otherwise
violate any third-party Intellectual Property Right, or
if Customer’s use of the Software is enjoined or
threatened to be enjoined, INDigital may, at its option
and sole cost and expense:

(a) obtain the right for Customer to continue
to use the Software materially as contemplated
by the Agreement (including these Terms);

(b) modify or replace the Software, in whole
or in part, to seek to make the Software non-
infringing, while providing materially equivalent
features and functionality, and such modified or
replacement software will constitute Software
under the Agreement (including these Terms); or

(c) if none of the remedies set forth in the
above Section 11.4(a) or Section 11.4(b) of these
Terms is reasonably available to INDigital,
terminate the Agreement, in its entirety or with
respect to the affected part or feature of the
Software, effective immediately on written notice
to Customer, in which event:

(i). immediately on receipt of
INDigital’s notice, Customer shall cease all
use of the Software and Documentation
immediately on receipt of Customer’s
notice; and

(ii). provided that Customer fully
complies with its post-termination
obligations set forth in Section 9.4 of these
Terms, INDigital shall promptly refund to
Customer, on a pro rata basis, the share of
any license fees prepaid by Customer for the
future portion of the Term that would have
remained but for such termination.

11.5. Sole Remedy. THIS SECTION 11
SETS FORTH CUSTOMER’S SOLE REMEDIES
AND INDIGITAL’S SOLE LIABILITY AND
OBLIGATION FOR ANY ACTUAL,
THREATENED OR ALLEGED CLAIMS THAT
THE AGREEMENT (INCLUDING THESE TERMS)
OR ANY SUBJECT MATTER OF THE
AGREEMENT (INCLUDING THE SOFTWARE
AND DOCUMENTATION) INFRINGES,
MISAPPROPRIATES OR OTHERWISE
VIOLATES ANY INTELLECTUAL PROPERTY
RIGHTS OF ANY THIRD PARTY.

12. LIMITATION OF LIABILITY.

12.1. EXCLUSION OF DAMAGES. IN NO
EVENT WILL INDIGITAL OR ANY OF ITS
LICENSORS, SERVICE PROVIDERS OR
SUPPLIERS BE LIABLE UNDER OR IN
CONNECTION WITH THE AGREEMENT
(INCLUDING THESE TERMS) OR ITS SUBJECT
MATTER UNDER ANY LEGAL OR EQUITABLE
THEORY, INCLUDING BREACH OF CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY AND OTHERWISE, FOR ANY (a) INCREASED COSTS, DIMINUITION IN VALUE OR LOST BUSINESS, PRODUCTION, REVENUES OR PROFITS, (b) LOSS OF GOODWILL OR REPUTATION, (c) USE, INABILITY TO USE, LOSS, INTERRUPTION, DELAY OR RECOVERY OF ANY SOFTWARE OR THIRD-PARTY MATERIALS, (d) LOSS, DAMAGE, CORRUPTION OR RECOVERY OF DATA, OR BREACH OF DATA OR SYSTEM SECURITY, (e) COST OF REPLACEMENT GOODS OR SERVICES, OR (f) CONSEQUENTIAL, INCIDENTAL, INDIRECT, EXEMPLARY, SPECIAL, ENHANCED OR PUNITIVE DAMAGES, IN EACH CASE REGARDLESS OF WHETHER SUCH PERSONS WERE ADVISED OF THE POSSIBILITY OF SUCH LOSSES OR DAMAGES OR SUCH LOSSES OR DAMAGES WERE OTHERWISE FORESEEABLE, AND NOTWITHSTANDING THE FAILURE OF ANY AGREED OR OTHER REMEDY OF ITS ESSENTIAL PURPOSE.

12.2. **CAP ON MONETARY LIABILITY.** IN NO EVENT WILL THE AGGREGATE LIABILITY OF INDIGITAL AND ITS LICENSORS, SUPPLIERS AND SERVICE PROVIDERS ARISING OUT OF OR RELATED TO THE AGREEMENT (INCLUDING THESE TERMS), WHETHER ARISING UNDER OR RELATED TO BREACH OF CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY OR ANY OTHER LEGAL OR EQUITABLE THEORY, EXCEED THE TOTAL AMOUNTS PAID TO INDIGITAL UNDER THE AGREEMENT IN THE 12-MONTH PERIOD PRECEDING THE EVENT GIVING RISE TO THE CLAIM. THE FOREGOING LIMITATIONS APPLY EVEN IF ANY REMEDY FAILS OF ITS ESSENTIAL PURPOSE.

13. **EXPORT REGULATION.** Customer shall not itself, or permit any other Person to, export, re-export or release, directly or indirectly any Controlled Technology to any country, jurisdiction or Person to which the export, re-export or release of Controlled Technology (a) is prohibited by applicable Law or (b) without first completing all required undertakings (including obtaining any necessary export license).

14. **FORCE MAJEURE.**

14.1. **No Breach or Default.** In no event will INdigital be liable or responsible to Customer, or be deemed to have defaulted under or breached the Agreement (including these Terms), for any failure or delay in fulfilling or performing any term of the Agreement (including these Terms), when and to the extent such failure or delay is caused by any circumstances beyond INdigital’s reasonable control (a “Force Majeure Event”), including acts of God, flood, fire, earthquake or explosion, war, terrorism, invasion, riot or other civil unrest, embargoes or blockades in effect on or after the date of the Agreement, national or regional emergency, strikes, labor stoppages or slowdowns or other industrial disturbances, passage of Law or any action taken by a governmental or public authority, including imposing an export or import restriction, quota or other restriction or prohibition or any complete or partial government shutdown, or national or regional shortage of adequate power or telecommunications or transportation. Either Party may terminate the Agreement if a Force Majeure Event continues substantially uninterrupted for a period of 90 days or more.

14.2. **Obligations.** In the event of any failure or delay caused by a Force Majeure Event, INdigital shall give prompt written notice to Customer stating the period of time the occurrence is expected to continue and use commercially reasonable efforts to end the failure or delay and minimize the effects of such Force Majeure Event.

15. **MISCELLANEOUS.**

15.1. **Further Assurances.** On a Party’s reasonable request, the other Party shall, at the requesting Party’s sole cost and expense, execute and deliver all such documents and instruments, and take all such further actions, as may be necessary to give full effect to the Agreement.

15.2. **Relationship of the Parties.** The relationship between the Parties is that of independent contractors. Nothing contained in the Agreement (including these Terms) shall be construed as creating any agency, partnership, joint venture or other form of joint enterprise, employment or fiduciary relationship between the Parties, and neither Party shall have authority to contract for or bind the other Party in any manner whatsoever.

15.3. **Notices.** Except as otherwise expressly set forth in the Agreement, any notice, request, consent, claim, demand, waiver or other communication under the Agreement will have legal effect only if in writing and addressed to a Party at its address or e-mail designated in the Agreement. Notices sent in accordance with this Section 15.3 will be deemed effectively given: (i) when received, if delivered by hand, with signed confirmation of receipt; (ii) when received, if sent by a nationally
recognized overnight courier, signature required; (iii) when sent, if by facsimile or e-mail, (in each case, with confirmation of transmission), if sent during the addressee's normal business hours, and on the next business day, if sent after the addressee's normal business hours; and (iv) on the third business day after the date mailed by certified or registered mail, return receipt requested, postage prepaid.

15.4. Interpretation. For purposes of the Agreement (including these Terms): (i) the words “include,” “includes” and “including” are deemed to be followed by the words “without limitation”; (ii) the word “or” is not exclusive; (iii) the words “herein,” “hereof,” “hereby,” “hereto” and “hereunder” refer to the Agreement as a whole (including these Terms); (iv) words denoting the singular have a comparable meaning when used in the plural, and vice versa; and (v) words denoting any gender include all genders. Unless the context otherwise requires, references in the Agreement (including these Terms): (x) to exhibits, exhibits, attachments and appendices mean the exhibits, exhibits, attachments and appendices attached to, the Agreement (including these Terms); (y) to an agreement, instrument or other document means such agreement, instrument or other document as amended, supplemented and modified from time to time to the extent permitted by the provisions thereof; and (z) to a statute means such statute as amended from time to time and includes any successor legislation thereto and any regulations promulgated thereunder. The Parties intend the Agreement (including these Terms) to be construed without regard to any presumption or rule requiring construction or interpretation against the party drafting an instrument or causing any instrument to be drafted. The exhibits, exhibits, attachments and appendices referred to in the Agreement (including these Terms) are an integral part of the Agreement to the same extent as if they were set forth verbatim in the Agreement.

15.5. Headings. The headings in the Agreement (including these Terms) are for reference only and do not affect the interpretation of the Agreement (including these Terms).

15.6. Entire Agreement. The Agreement, together with these Terms and any other documents incorporated by reference into the Agreement (and, if applicable, together with the Software Support and Maintenance Agreement), constitute the sole and entire agreement of the Parties with respect to the subject matter of the Agreement and supersede all prior and contemporaneous understandings, agreements, representations and warranties, both written and oral, with respect to such subject matter.

15.7. Assignment. Customer shall not assign or otherwise transfer any of its rights, or delegate or otherwise transfer any of its obligations or performance, under the Agreement (including these Terms) without INdigital's prior written consent. Any purported assignment, delegation or transfer in violation of this Section 14.7 is void. 15.8. No Third-Party Beneficiaries. The Agreement (including these Terms) are for the sole benefit of the Parties and their respective permitted successors and permitted assigns and nothing in the Agreement (including these Terms), express or implied, is intended to or shall confer on any other person or entity any legal or equitable right, benefit or remedy of any nature whatsoever under or by reason of the Agreement (including these Terms).

15.9. Amendment and Modification; Waiver. No amendment to, modification of, or rescission, termination or discharge of the Agreement (including these Terms) is effective unless it is in writing, identified as an amendment to or rescission, termination or discharge of the Agreement (including these Terms) and signed by an authorized representative of each Party. No waiver by any Party of any of the provisions of the Agreement (including these Terms) shall be effective unless explicitly set forth in writing and signed by the Party so waiving. Except as otherwise set forth in the Agreement (including these Terms), no failure to exercise, or delay in exercising, any rights, remedy, power or privilege arising from the Agreement (including these Terms) shall operate or be construed as a waiver thereof; nor shall any single or partial exercise of any right, remedy, power or privilege under the Agreement (including these Terms) preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege.

15.10. Severability. If any provision of the Agreement (including these Terms) is invalid, illegal or unenforceable in any jurisdiction, such invalidity, illegality or unenforceability shall not affect any other term or provision of the Agreement (including these Terms) or invalidate or render unenforceable such term or provision in any other jurisdiction. 15.14. **Attorneys' Fees.** In the event that any action, suit, or other legal or administrative proceeding is instituted or commenced by either Party against the other Party arising out of or related to the Agreement (including these Terms), the prevailing Party shall be entitled to recover its reasonable attorneys, expert witness and accountants’ fees and court costs from the non-prevailing Party.

At the time of execution of this contract Union county is engaged in negotiations with Alexander county to consolidate 9-1-1 services into a single PSAP servicing both counties. In the interest of making forward progress Union and Alexander counties has agreed to enter into individual contracts with INdigital for 9-1-1 services.

Upon the consolidation of Union and Alexander counties and such time that Union county begins answering calls for Alexander county, the contract between INdigital and Alexander county will be terminated without penalty. Further, INdigital will provide an Amendment to this Agreement noting the change of name for the new joint ETSB as well as revised service rates reflecting the requirements of the joint ETSB.
EXHIBIT C
Software / Services Description

1. **GIS and Database Services.** Location Database services for the PSAP. Repository for ALI. Legacy wireline records in the Alexander County, IL service area will be processed by INdigital using industry standard record exchange and correction methods. I2 format ALI service (wireless, VoIP - using pANI) will be provided by INdigital, once complete all records will be geocoded using industry defined methods for location-based call routing. INdigital will utilize an advanced IP Selective Router (IPSR) and associated I3 functional elements associated with geodetic data to deliver calls to the CSI Next Gen enabled 9-1-1 public safety answering points (PSAPs). Once INdigital has the appropriate data, INdigital will develop the call delivery solution based upon the geography of an incoming call.

2. **Routing Services.** Routing services and methodologies include; traditional Selective Routing tables, Dialed Number Identification Service, Geographic Information System, as well as various hybrid configurations of Automatic Location Identification and Selective Routing tables. INdigital also supports location by value, location by reference, traditional ALI lookup, and ALI steering by use of our NGALI Service.

3. **Network Services.** INdigital will provide access for all CSI members with access to the www.illinois.net PSAP Toolkit. This Toolkit contains comprehensive KPI such as call detail reports, trouble ticket management, 24/7/365 Network Operations center with chat, ticket entry/tracking, training, and documentation assets related to each specific member’s call processing and reporting needs.

4. **MEVO Services.** MEVO Services are delivered from a completely independent call processing system that operates in parallel to the INdigital Next Gen Core Service (NGCS) routing platform, which can bypass the primary 9-1-1 CPE. The MEVO System facilitates INdigital’s ability to re-route 9-1-1 calls from a primary 9-1-1/NG9-1-1 CPE platform to a MEVO Station, which is an advanced IP phone with the ability to process 9-1-1 and Administrative calls. As a core component of this solution, INdigital will install a commodity Internet connection to each CSI PSAP for backup call delivery to MEVO Stations. (1) MEVO Station is included as part of this original contract between CSI and INdigital, any county that is interested in contracting additional MEVO Stations can do so by contacting INdigital to negotiate service, installation and configuration of each additional phone.

5. **Call Delivery Network.** “INdigital has agreed to take over as the 9-1-1 System Service Provider (SSP) to each member of the Counties of Southern Illinois (CSI). INdigital will install (1) carrier grade IP circuit to each CSI Solacom host controller site (Jackson and Saline Counties) to deliver 9-1-1 services to the members of CSI which are connected to a regional ESInet operated by a separate CPE service provider. INdigital will deliver 9-1-1 services to gateway devices with final call delivery to Solacom IWS, being the responsibility of the current 9-1-1 CPE system provider. Backup connections being delivered individually to each PSAP as outlined above in item 4 – MEVO Services. In the event that CSI is dissolved, or if (contracting county) is no longer a party to CSI, 9-1-1 calls would be rerouted so as not to go through the CSI Solacom host controller.”

6. **Transfers.** In the event a CSI PSAP requires the use of selective transfer functions, the Host 911 System sends the call with the proper agency identified in the PIDF-LO + Service URN to the INdigital ESInet based ESRP. The ESRP then queries the ECRF with LoST and receives Service URI for delivery to next hop location such as another ESRP or Responder Agency.

7. **Backup and Overflow Call Routing.** Backup and Overflow call routing to be determined during final (post contract) engineering meetings.

Mrs Gurley,

The Williamson County Sheriffs Office has received your request for the signing of the “Call Handling and Aid Outside Jurisdictional Boundaries Agreement”. We are unable to sign this agreement due to the fact that the Williamson County Sheriffs Office is no longer a 9-1-1 call handling PSAP. All 9-1-1 calls are handled by Marion and Herrin Police Departments. The Williamson County Sheriffs Office is then notified of a request for assistance via radio. Therefore you would need to direct your request for call handling agreements to those agencies. We have no problems in giving aid or assisting when possible to outside jurisdictions. If any of your agencies need assistance please do not hastate to contact our agency. If you have any further questions please let me know.

Thank You,

TEST PLAN
TEST PLAN DESCRIPTION

1) Description of test plan (back-up, overflow, failure, database).

This is the minimum testing procedure to ensure that we have good working facilities and stable configurations. Persons placing test calls are required to be patient and polite. Testers are asked to confirm with INdigital’s coordinator before placing each test call. The PSAP may become busy and testing may need to be suspended until an emergency situation can be handled.

1. Place a test call on existing trunks to establish a working baseline.
2. Migrate 9-1-1 traffic to ISUP trunks.
3. Place a test call on new ISUP trunks. Let the dispatcher know that there is no emergency and you are conducting a test call. Ensure that you have reached the correct PSAP, request that the dispatcher confirm the call ANI and ALI information.
4. Carrier Switching engineers will then block the last trunk used to deliver a call.
5. Repeat step 3.
6. Continue to block trunks and make test calls, until all trunks have been tested.
7. Block the final trunk to test alternate final routing.
8. Unblock all trunks and make one final test call to ensure that configurations are in the final and good operating state.

The carrier may have more calls to make after all of the trunks have been tested. Once all of the trunks have been tested, it is not necessary to repeat the entire procedure for each exchange. One call per exchange will be sufficient after all of the trunks have been tested. Multiple test calls will be made in Alexander County to ensure that all calls are being delivered to the correct PSAP with ANI/ALI.
