Welcome to the 2021 Illinois State Fair!

Whether you're joining us in Springfield or in Du Quoin, our state fairs bring together residents and visitors alike, to celebrate all that Illinois has to offer when we stand together – an all-the-more important mission this year.

Illinois' proud agricultural tradition has long been the force that drives our state forward, and the last 18 months have been no different. In March of 2020, when the world seemed to come to a halt, our state's number one industry kept right on going. After all, there were still crops and animals to care for, deliveries to make, and people to feed.

So, even in the face of a global pandemic, Illinois' farmers, small businesses and commodity groups all came together to keep our food chain secure, a true testament to the vibrancy of the sector. And because no industry was immune to the pains of the last year, the Pritzker administration directed \$5 million to help with livestock losses and other costs through our Business Interruption Grant program. We also worked with industry leaders to ensure federal assistance was effectively used to help farmers and small businesses most impacted by the pandemic.

Today, we honor the essential nature of our agricultural community and our shared hope for its future – as well as remember the thousands of our Illinois neighbors who lost their lives to this terrible virus that kept us apart for so long. We speak for all of state government when we say we are so grateful for this welcome occasion to showcase once again our agriculture community's extraordinary contributions to our state, our nation, and the world.

In its 168 years, our great State Fair has, on a handful of occasions, had to take a backseat to history. The circumstances of the Civil War, the World's Columbian Exposition, World War II, and most recently, the COVID-19 pandemic have demanded the event's temporary pause – no small ask of our residents, but in light of national devastation, a necessary one.

But each time, the State Fair has always come back – once again delivering joy and celebration and corn dogs to all who visit these grounds. No pandemic can take that fundamental promise of happiness away, not forever.

So wherever you come from, whatever the memories you pursue: thank you for joining us and for making the Illinois State Fair a part of your summer once again. Enjoy a safe and special celebration.

Sincerely,

JB Pritzker, *Governor* MK Pritzker, *First Lady*

It is my pleasure to welcome you back to the Illinois and Du Quoin State Fairs.

In March 2020, I was honored to join the Illinois Department of Agriculture as Director. Immediately I thought of my role as host of the Springfield and DuQuoin state fairs. While we were unable to hold the 2020 state fairs, the Department continued to work on fair improvements and plan for the future.

We have all endured a year that no one fathomed; a year where we have had to improvise, adapt and overcome. Through it all, Illinoisans embodied this year's theme "One Illinois".

Illinois agriculture has been and will always be a big part of my life and I'm excited to see the state's number one industry take center stage at our state fairs. From livestock shows, to horse racing, to the Governor's Sale of Champions, Illinois agriculture is on full display. The state fairs boast a star-studded grandstand lineup, amazing food, talent competitions, free entertainment and a celebration of the 100<sup>th</sup> anniversary of the butter cow.

As a veteran of the Iraq War, I am proud to dedicate days at each fair honoring our veterans and Gold Star families. It is just a small way to show our appreciation to our veterans. We also have set aside a day for frontline workers who took center stage during the pandemic, risking their own health to ensure that we remained safe and secure.

Some of my fondest memories are eating saltwater taffy with my grandmother at the Du Quoin State Fair and I hope you will make great memories with your family this summer. Whether this is your first trip to the state fair or an annual tradition, we want to make sure to offer exciting, educational, and fun-filled family events for you.

I am proud to call Illinois home. My wife Lori, son Jerry III, daughter-in-law Jayci, and daughters Victoria and Georgia Danielle are happy to welcome you to this year's fair. We have always been and will continue to be "One Illinois".

Sincerely,

A handwritten signature in cursive script that reads "Jerry Costello II". The signature is written in dark ink and is positioned above the printed name.

Jerry Costello II, *Director*

All owners, trainers, rider/driver/handlers must complete and sign all forms, present all requested membership documents and breed association documents before numbers will be issued.

All exhibitors, when in the ring, must wear or have attached to vehicle, proper number corresponding with number of entry in Horse Show Program.

Name of horse or pony must be given in making entry. "ENTRY" will not be accepted. **Substitutions and class changes will be allowed up to one hour before starting time of the session containing said class.**

Entry blanks must be filled out completely showing registered name of the animal to be exhibited. Registration number, age, date of birth, sire and dam of Futurity entries must be given. Every animal shall be entered and exhibited in the name of the bona fide owner or his agent at the time of entry.

Exhibitors should make entries with the distinct understanding that their stock must be brought to the arena for judging and for exhibition purposes or parades at the request of the Management. Exhibitors are requested to be ready with their horses or ponies at least fifteen minutes before the time appointed for showing them as arranged in the official schedule. Exhibitors must submit their animals for examination by the Official Veterinarian when ordered to do so by Show Management.

### **DRUG TESTING REQUIREMENTS**

**Illinois Department of Agriculture personnel are authorized to collect blood, urine, milk, tissue or other samples from any animal being exhibited to test for the presence of any substances, practices or other adulterants which may give the animal a competitive advantage. As a condition of entry, all exhibitors shall sign a statement of ethical conduct.**

Upon entry to the Illinois State Fairgrounds, no person shall administer internally or externally any medication, including prescription and non-prescription, unless prior written authorization is received from the State Veterinarian's Office. Any medication or drug administered without authorization or in an unauthorized dosage constitutes a violation of this requirement.

Notwithstanding the above, as a condition of entry in an Illinois State Fair event, all exhibitors agree to cooperate fully with testing protocols including ultrasound. Department personnel may collect blood, tissue, milk or urine samples from any animal being exhibited and/or raced in any event at the Illinois State Fair at any time, including at the time of slaughter, to test for the presence of any substances, practices or other adulterants. It is a violation of this requirement if the test results indicate 1) the presence of a substance, practice or other adulterant that could give an animal a competitive advantage, and/or 2) the presence of a substance, practice or other adulterant that does not meet allowable slaughter residue levels for market animals as determined by the Department. Non-market animals are deemed not to have violated this Requirement concerning competitive advantage if the drug was given under a current veterinarian's prescription for the animal and was prescribed for a therapeutic reason. Notwithstanding the previous sentence, animals must still comply with breed specific requirements regarding drug usage. A copy of such prescription must be shown to Department personnel at the time of collection. If not shown at time of collection, such drug use will be deemed a violation of this requirement and proof of a prescription at a later time will not be a defense.

Market animals are deemed to violate allowable slaughter residue levels if the test "positive" (not a quantitative test) for any drug that has not been approved by the Federal Food and Drug Administration for such type of animal. The fact that a drug exceeded its estimated withdrawal time or was prescribed will not be a defense to a violation of this Requirement concerning slaughter eligibility.

Any animal drug tested at the Illinois State Fair is subject to be detained at the expense of the Exhibitor by Fair Officials until the Fair Officials receive final test results. After any preliminary positive test results are confirmed by a gas chromatograph/mass spectrometer tests, the results may be made public.

If a dispute regarding the test results occurs, a portion of the referee sample, upon written request to the Department, may be sent in a manner mutually agreed to by the parties for laboratory testing and analysis at a facility mutually agreed to by the exhibitor and the Department. The referee sample will be split in the presence of the parties or their representative. The test results must be sent to both the exhibitor and the Department by the laboratory. All fees associated with the referee sample are the responsibility of the exhibitor.

If an animal is determined to be in violation of this requirement, then the exhibitor agrees to forfeit all awards, prizes, money, honors and rights to any benefits received at the Illinois State Fair concerning such animal.

If an exhibitor disputes a disqualification of an animal by fair officials, the exhibitor may request a hearing before an administrative law judge of the Illinois Department of Agriculture, pursuant to the administrative law rule. However, any request to have the referee sample tested must be made, the test must be performed and the test results determined all prior to the hearing.

The owner, exhibitor, fitter, trainer and participant bear absolute responsibility for an animal's condition, whether or not he or she was actually instrumental in or had actual knowledge of the administration of drugs or medication or treatment of the animal in contravention of these requirements.

Proper testing may require animals to be detained temporarily and may delay awarding of premium checks.
