Welcome to the 2019 Illinois State Fair!

Whether you’re joining us in Springfield or in Du Quoin, our state fairs bring people together from across our state and country to celebrate all Illinois has to offer.

We sit at the crossroads of our nation and are the hub of the Midwest. Our cities and towns are rich in history and filled with charm. We’re home to natural wonders where families can make the outdoors their playground with hiking and biking, sledding and skiing, hunting and fishing. Our people are the greatest in the world. And we’re the fifth largest economy in the United States.

Our state’s success wouldn’t be possible without our top industry: agriculture. It serves as a keen example of how our geographically diverse state works in unity. While our rural communities benefit from agricultural production, our urban economies benefit from agricultural processing and manufacturing.

Our state is home to some of the best soil in the nation, which our 75,000 farmers use to produce corn, soybean, wheat, and more. With over 2,500 food manufacturing companies in Illinois, we are well-equipped to turn our state’s crops and livestock into food and industrial products. Billions of dollars come into the state’s economy from agriculture-related industries, from farm machinery to agricultural real estate, to the production and sale of food products.

We have become a leading producer of corn, soybeans, swine, horseradish and pumpkins. Our state ranks first in the nation with 180 billion dollars in processed food sales. And Illinois agricultural exports account for 6 percent of all U.S. agricultural exports.

Simply put, the agriculture industry built Illinois. And this year’s state fair theme — “Building our Future” — honors that legacy and looks forward to all that we can and will accomplish together.

To every family that spends time on our fairgrounds, we hope your days are filled with enjoyment and life-long memories. To all of you who have worked hard on your entries for this year’s competitions, our family wishes you luck. Thank you for making the Illinois State Fair a part of your summer.

Sincerely,

JB Pritzker
Governor

Never could I have imagined as a teenager sleeping on a cot in the swine barns at the Illinois State Fair back in 1973, that someday I would be the Director of the Illinois Department of Agriculture—a role that includes overseeing the Springfield and Du Quoin State Fairs! The Fair has played an important role in my family’s lives. My wife Joan, in her duties as an Extension Advisor, would bring 4-H kids to the fair to show their projects, which provided the opportunity for our children and me to tag along for a fun filled day at the State Fair. Never would we have imagined that in 2019 we would be the hosts for all fair goers.

What an honor it is to welcome you to the Illinois and Du Quoin State Fairs. The 2019 State Fair theme is “Building our Future.” We are pleased to have the support and encouragement of so many in the community, region, and across the state as we oversee the rebuilding of the historic coliseum in Springfield, upgrades to the Southern Illinois Center in Du Quoin, and countless other projects around both fairgrounds.

The State Fairs have a rich agricultural history that includes livestock shows, truck and tractor pulls, horse racing, the butter cow, free entertainment stages, a star-studded grandstand lineup, and plenty of great fair food. The State Fair also boasts county fair queens, talent competitions, culinary contests, Senior and Scout Day, Park and Conservation Day, and of course, two of my favorites, the Illinois Auctioneers Association Bid Calling contest and the Governor’s Sale of Champions auction.

We are also proud to dedicate individual theme days for our Veterans & Gold Star Families and our First Responders—a small token of our appreciation, and a way to say thank you, for their dedication and service.

Whether this is your first visit to the Fair, or an annual family tradition, we hope the 2019 Illinois State Fair and the Du Quoin State Fair offer exciting, informative and fun-filled family events for you

Thank you for being a part of this great celebration and joining us in “Building our Future”!

John and Joan Sullivan
Director, IL Department of Ag and Fair Hosts
In 1956 when I was nearly young enough to join 4-H I decided I would like to have sheep as a project. So, my dad and mom purchased a bred Suffolk ewe for me so I would have a lamb to show when I was 10. Well, when the ewe lambed she had twin lambs and I was really excited like any 9 year old would be. But, both lambs died a couple days after they were born due to overeating and the ewe died a couple days after that. I was really upset to think I had lost the ewe and lambs and was starting to wonder if I really wanted to have sheep as a project.

Then January 1957 there was a feature article in our local newspaper on the University of Illinois and the Allerton Farms and in particular Everett Glasgow who was the farmer of the Allerton Farms. Everett had raised Shropshire Sheep for years and at the time was a Director of the American Shropshire Registry Association. The article talked about Everett and his Shropshires showing pictures of ewes with lambs.

My dad called Everett and asked if we could come down and see his sheep. Of course, Everett was very happy to have us come down. So, we made an appointment went down on a Sunday to look at the sheep. Well as a 9 year old walking into a barn and seeing several ewes with newborn lambs running around I was really excited. My dad and mom purchased a ewe with a ewe lamb by her side to start my career in raising Shropshires.

I raised the ewe lamb and showed her at my local 4-H fair my first year in 4-H. I received a blue ribbon and of course was very excited and caught the bug. I took the ewe back to Everett’s for a couple years to be bred and showed her lambs for several years as well as lambs from the ewe lamb I showed.

After I got out of 4-H I decided to keep the sheep while in college. My parents helped by doing chores and lambing the ewes. In the summer I continued to show sheep at the local county fairs. My parents also took care of the sheep while I was in the military. Since I have had sheep that is the only time I have not shown at a fair was when I was in the military.

In 1976 while at the Illinois State Fair I met Darrell & Paula Rincker who were pinned next to me at the fair. Darrell asked me if I would be interested in having
my sheep shown at county fairs and state fairs. I was not able to show at any county fairs because I had a full time job and could only get off to show at the Illinois State Fair. So, in 1977 Darrell started showing my sheep and has shown them every year since then until his passing then Dusty Rincker continued showing them until I retired from raising and showing sheep in 2013.

In 1978 I had my first Grand Champion at the Illinois State Fair with a ewe lamb I raised. I have had several State and National Champions as well as champions at the North American International Livestock show since then.

On November 5, 1983, I was elected as a director to the American Shropshire Registry Association at the Annual Meeting in Harrisburg, Pa. I was very honored to be elected and served on the board for 21 years and never missed a meeting. On September 26, 1987, I was elected as President of the American Shropshire Registry Association and served as President for three years. I consider this one of the highest honors that I have received. During my three years of service as president we were going through the spider gene crisis and proved to be very trying, since there were no blood tests then. We were also going through a change in our National Secretary which proved to be very time consuming.

I have been a member of the Illinois Shropshire Breeders Association for several years and I have served as President, Vice President, Secretary-Treasurer and a member of the board. I have been a member of the board of the Land of Lincoln Purebred Livestock Breeders Assoc. from 1994 – present serving as President and Vice President.

I have been a lifelong member of the Paxton United Methodist Church serving as Trustee Chairman, Finance Chairman, and President of Church Council. Also, Patton Township Trustee.

My mom and dad supported me through all my years of raising and showing sheep. For years my mom would go to the shows and help me with trimming and record keeping while my dad stayed at home and did chores. After my mom passed away in 1989 my dad would go to the shows and help plus he would help at home with the chores and lambing. He was especially helpful after his retirement in helping with the work at home while I was working a full time job. He passed away in 2003 and I certainly missed his help at home.

I have judged many state and national shows which I enjoyed very much and I enjoyed all my years of raising Shropshires and the many friends I have made through the years. I will always remember the trips from Massachusetts to California showing sheep and meeting all the Shropshire breeders throughout the country. I enjoyed serving on the many boards trying to make things better for everyone showing all breeds of livestock.

All owners, trainers, rider/driver/handlers must complete and sign all forms, present all requested membership documents and breed association documents before numbers will be issued.

   ILLINOIS RESIDENT CLASSES, LAND OF LINCOLN CLASSES, FUTURITY CLASSES, UPHA CLASSICS AND AHHS MEDALLION CLASSES WILL QUALIFY AN ENTRY FOR THE STAKES IN THEIR RESPECTIVE DIVISIONS.

   All exhibitors, when in the ring, must wear or have attached to vehicle, proper number corresponding with number of entry in Horse Show Program.

   Name of horse or pony must be given in making entry. “ENTRY” will not be accepted. Substitutions and class changes will be allowed up to one hour before starting time of the session containing said class.
Entry blanks must be filled out completely showing registered name of the animal to be exhibited. Registration number, age, date of birth, sire and dam of Futurity entries must be given. Every animal shall be entered and exhibited in the name of the bona fide owner or his agent at the time of entry.

Exhibitors should make entries with the distinct understanding that their stock must be brought to the arena for judging and for exhibition purposes or parades at the request of the Management. Exhibitors are requested to be ready with their horses or ponies at least fifteen minutes before the time appointed for showing them as arranged in the official schedule. Exhibitors must submit their animals for examination by the Official Veterinarian when ordered to do so by Show Management.

DRUG TESTING REQUIREMENTS

Illinois Department of Agriculture personnel are authorized to collect blood, urine, milk, tissue or other samples from any animal being exhibited to test for the presence of any substances, practices or other adulterants which may give the animal a competitive advantage. As a condition of entry, all exhibitors shall sign a statement of ethical conduct.

Upon entry to the Illinois State Fairgrounds, no person shall administer internally or externally any medication, including prescription and non-prescription, unless prior written authorization is received from the State Veterinarian’s Office. Any medication or drug administered without authorization or in an unauthorized dosage constitutes a violation of this requirement.

Notwithstanding the above, as a condition of entry in an Illinois State Fair event, all exhibitors agree to cooperate fully with testing protocols including ultrasound. Department personnel may collect blood, tissue, milk or urine samples from any animal being exhibited and/or raced in any event at the Illinois State Fair at any time, including at the time of slaughter, to test for the presence of any substances, practices or other adulterants. It is a violation of this requirement if the test results indicate 1) the presence of a substance, practice or other adulterant that could give an animal a competitive advantage, and/or 2) the presence of a substance, practice or other adulterant that does not meet allowable slaughter residue levels for market animals as determined by the Department.

Non-market animals are deemed not to have violated this Requirement concerning competitive advantage if the drug was given under a current veterinarian’s prescription for the animal and was prescribed for a therapeutic reason. Notwithstanding the previous sentence, animals must still comply with breed specific requirements regarding drug usage. A copy of such prescription must be shown to Department personnel at the time of collection. If not shown at time of collection, such drug use will be deemed a violation of this requirement and proof of a prescription at a later time will not be a defense.

Market animals are deemed to violate allowable slaughter residue levels if the test “positive” (not a quantitative test) for any drug that has not been approved by the Federal Food and Drug Administration for such type of animal. The fact that a drug exceeded its
estimated withdrawal time or was prescribed will not be a defense to a violation of this Requirement concerning slaughter eligibility.

Any animal drug tested at the Illinois State Fair is subject to be detained at the expense of the Exhibitor by Fair Officials until the Fair Officials receive final test results. After any preliminary positive test results are confirmed by a gas chromatograph/mass spectrometer tests, the results may be made public.

If a dispute regarding the test results occurs, a portion of the referee sample, upon written request to the Department, may be sent in a manner mutually agreed to by the parties for laboratory testing and analysis at a facility mutually agreed to by the exhibitor and the Department. The referee sample will be split in the presence of the parties or their representative. The test results must be sent to both the exhibitor and the Department by the laboratory. All fees associated with the referee sample are the responsibility of the exhibitor.

If an animal is determined to be in violation of this requirement, then the exhibitor agrees to forfeit all awards, prizes, money, honors and rights to any benefits received at the Illinois State Fair concerning such animal.

If an exhibitor disputes a disqualification of an animal by fair officials, the exhibitor may request a hearing before an administrative law judge of the Illinois Department of Agriculture, pursuant to the administrative law rule. However, any request to have the referee sample tested must be made, the test must be performed and the test results determined all prior to the hearing.

The owner, exhibitor, fitter, trainer and participant bear absolute responsibility for an animal’s condition, whether or not he or she was actually instrumental in or had actual knowledge of the administration of drugs or medication or treatment of the animal in contravention of these requirements.

Proper testing may require animals to be detained temporarily and may delay awarding of premium checks.
